Preface	xi
Who Will Benefit From This Book?	xi
Purpose	xi
A Note on Voice	xii
Acknowledgments	xii
1. Introduction	1
Overview of the Book	2
The Uses of Job Analysis	3
Definitions	6
Building Blocks of Job Analysis Methods	8
Kinds of Job Data Collected: Descriptors	9
Methods of Data Collection	12
Sources of Job Analysis Data	15
Units of Analysis	16
Summary of the Building Blocks	18
A Couple of Job Analysis Projects	18
Example 1: Evaluation of an Electrical Transmission and Distribution Training Program	18
Example 2: Job Analysis for Developing Minimum Qualifications	21
Chapter Summary	22
2. Work-Oriented Methods	23
Time-and-Motion Study	24
Time Study	25
Motion Study	28
Criticism of Time-and-Motion Study	32
Functional Job Analysis	33
A Fundamental Distinction of FJA: What Gets Done Versus What the Worker Does	34

Worker Functions	37
Job Analysis Procedure	40
Describing the Work	41
Sentence Structure and Analysis	43
Other Characteristics of the DOL FJA	45
Comparison of the DOL FJA and Fine's FJA	46
Research on FJA	47
Task Inventories	47
History	48
Survey Design	50
Data Analysis	54
Critical Incident Technique	56
Tips for Capturing and Writing Critical Incidents	58
Research on the Critical Incident Technique	59
Chapter Summary	60
3. Worker-Oriented Methods	61
Job Element Method	63
Content of Elements	63
Gathering Information for JEM	65
Rating Scales	65
Derived Scales	67
Assigning Elements to Categories	69
Research on the JEM: The J-Coefficient	70
Remarks on JEM	72
Position Analysis Questionnaire	73
Development and Structure of the PAQ	73
PAQ Results	76
Uses of the PAQ	76
Reliability and Validity	77
Research on the PAQ: Common Knowledge Effects	77
Recent PAQ Developments	79
Remarks on the PAQ	79
Other Trait-Based Worker-Oriented Measures	80
Threshold Traits Analysis System	80
Ability Requirements Scales	80
Occupational Reinforcer Pattern	81
Methods With Substantial Attention to Equipment	82
Cognitive Task Analysis	83
Types of Knowledge and Skill	85
Cognitive Task Analysis Methods	86
A Simple Example	87
Reliability and Validity	88
Remarks on Cognitive Task Analysis	89
Chapter Summary	89

4. Hybrid Methods	91
Combination Job Analysis Method	92
Task Statements	92
The Task Generation Meeting	93
The Task Rating Meeting	95
Analysis of Task Importance	96
Employee Knowledge, Skills, Abilities, and Other Characteristics	97
The KSAO Group Meeting	98
Analysis of KSAOs	101
Using the Results	101
Research and Applications of C-JAM	103
Summary of C-JAM	104
Multimethod Job Design Questionnaire	104
MJDQ Development and Structure	105
MJDQ Research	109
Summary of the MJDQ	113
Occupational Information Network	113
Impetus for O*NET	113
The O*NET Content Model	114
O*NET Research and Development	121
Chapter Summary	122
5. Management and Teams	125
Management and Leadership	126
Development and Structure of the Management Position Description Questionnaire	127
Research and Applications of the MPDQ	130
Summary of the MPDQ	135
Competency Modeling	136
Summary of Competency Modeling	140
Job Analysis for Teams	141
Job Design for Teams	142
Team Knowledge, Skills, and Abilities	145
Team Functions	147
The Multiphase Analysis of Performance System	148
Chapter Summary	155
The MPDQ	155
Competency Models	156
Teams	156
6. Job Analysis and the Law	159
Federal Legislation	160
The Constitution	160
Equal Pay Act	160

	Civil Rights Acts	161
	Age Discrimination in Employment Act	162
	Rehabilitation Act	162
	Americans with Disabilities Act	163
	Enforcement of Equal Employment Opportunity Laws	163
	Executive Orders	164
	Professional Standards	164
	Prescriptions for Job Analysis	165
	Selection	165
	Summary for Selection	173
	Pay	174
	Disability and Job Design	174
	Chapter Summary	175
7.	Job Description, Performance Appraisal, Job Evaluation, and Job Design	177
	Job Description	177
	Structure of the Job Description	178
	Issues in Job Description	185
	Key Considerations	186
	Performance Appraisal	187
	Rating Formats	188
	Comparison of Formats	192
	Key Considerations	193
	Job Evaluation	196
	Equity	196
	Job Evaluation Methods	198
	Key Considerations	204
	Research on Job Evaluation	204
	Job Design/Redesign	205
	Goals of Job Design/Redesign	205
	Design Decisions	207
	Key Considerations	210
	Chapter Summary	213
	Job Description	213
	Performance Appraisal	213
	Job Evaluation	214
	Job Design/Redesign	214
8.	Staffing and Training	217
	Staffing	217
	Recruitment	219
	Selection	221
	Test Validation	222

Research on Judging KSAOs for Validation	233
Key Considerations for Selection	237
Training	241
The Training Cycle	243
Selection Versus Training	253
Chapter Summary	254
Staffing	254
Training	254
9. Doing a Job Analysis Study	257
Matching Purpose and Job Analysis Attributes	258
Purposes	258
Attributes	259
Selecting Approaches	259
Job Classification	261
Worker Mobility	262
Efficiency/Safety	262
Workforce Planning	263
Legal/Quasi-Legal Requirements	263
Practical Considerations	263
Observations and Interviews	267
Preparing for the Observation/Interview	267
Making Contact	268
Conducting the Observation/Interview	269
Questionnaires	269
Planning and Preparing	269
Collecting Data	272
Analyzing Data	272
Reporting Study Results	273
Assessing Reliability	274
Validity	279
A Note About Accuracy in Job Analysis	281
Chapter Summary	284
10. The Future of Job Analysis	285
Changing Conditions	285
Changes in Society	285
Changes in Technology	287
Changes in the Business Environment	291
Implications for Jobs and Job Analysis	294
Descriptors	295
Sources of Information	303
Methods of Collecting Data	305
Units of Analysis	308

Role Definition and Redefinition	309
Dissemination, Storage, and Retrieval	310
Chapter Summary	311
A Final Note	313
Glossary	315
References	321
Index	339
About the Authors	345
