

# CONTENTS

## I

	Page
<b>SOME PRIMARY PRINCIPLES . . . . .</b>	<b>13</b>
<b>I. METHOD OF INVESTIGATION . . . . .</b>	<b>13</b>
I. Is there a Science of Voice? . . . . .	14
II. Preliminary Hypothesis . . . . .	17
III. Observation and Comparison . . . . .	19
IV. Application of the Principle . . . . .	24
<b>II. VOICE AND BODY . . . . .</b>	<b>25</b>
<b>III. VOICE AND MIND . . . . .</b>	<b>31</b>
I. The Close Relations of Voice to Mind . . . . .	32
II. Voice Modulations and Conditions . . . . .	37
III. Mind, Body and Voice . . . . .	44

## II

<b>NATURE OF TRAINING . . . . .</b>	<b>47</b>
<b>IV. EXERCISE AND TRAINING . . . . .</b>	<b>48</b>
I. What is a True Exercise? . . . . .	48
II. How can a Natural Action be turned into an Exercise . . . . .	54
<b>V. CLASSES OF EXERCISES . . . . .</b>	<b>69</b>

## III

<b>RESPIRATORY AND PHARYNGEAL CO-ORDINATIONS . . . . .</b>	<b>79</b>
<b>VI. THE MOTIVE POWER OF THE VOICE . . . . .</b>	<b>79</b>
I. Primary Parts of the Vocal Mechanism . . . . .	79
II. Breathing and the Generic Co-ordination . . . . .	81
III. How Breathing furnishes the Motive Power . . . . .	83

	Page
<b>VII. EDUCATION OF BREATHING . . . . .</b>	<b>87</b>
I. The Normal Centre of Breathing . . . . .	88
II. Retental Action of Breathing in Voice Production . . . . .	94
III. Life Breathing and Voice Breathing . . . . .	101
<b>VIII. FAULTS OF BREATHING . . . . .</b>	<b>105</b>
I. Faults of Rhythm . . . . .	105
II. Weak and Sluggish Breathing . . . . .	108
III. Mouth Breathing . . . . .	111
IV. Audible Breathing . . . . .	113
V. Breathing too Seldom . . . . .	114
VI. Collar-bone Breathing . . . . .	115
VII. Labored Breathing . . . . .	118
<b>IX. THE TONE PASSAGE . . . . .</b>	<b>119</b>
I. The Lips . . . . .	120
II. The Jaw . . . . .	120
III. The Tongue . . . . .	122
IV. The Soft Palate . . . . .	124
V. The Pharynx . . . . .	126
<b>X. FREEDOM OF THE TONE PASSAGE . . . . .</b>	<b>129</b>
I. Actions of the Parts of the Tone Passage . . . . .	130
II. Sense of Surrender . . . . .	131
III. Co-ordination of Preparatory Actions and Conditions . . . . .	134
IV. Application to Speech . . . . .	141
<b>XI. PHARYNGEAL FAULTS OF VOICE . . . . .</b>	<b>145</b>
I. Throatiness . . . . .	150
II. Nasality . . . . .	155
<b>IV</b>	
<b>CO-ORDINATION OF DIAPHRAGM AND VOCAL BANDS . . . . .</b>	<b>167</b>
<b>XII. PRIMARY VIBRATION . . . . .</b>	<b>167</b>
I. Nature of Sound . . . . .	168
II. The Vibrational Function of the Vocal Bands . . . . .	170
III. Purity of Tone . . . . .	172
IV. Economy of Breath . . . . .	174
<b>XIII. THE INITIATION OF VIBRATION . . . . .</b>	<b>180</b>
I. Initiation of Tone . . . . .	184
II. Initiation in Speech . . . . .	189

<b>XIV. FEELING AND VIBRATION . . . . .</b>	<b>192</b>
I. Vocal Effects of Joy . . . . .	193
II. Delicacy of Vibration . . . . .	199
<b>XV. FAULTS IN VIBRATION . . . . .</b>	<b>204</b>
I. Passivity . . . . .	204
II. Hoarseness . . . . .	205
III. Huskiness . . . . .	206
IV. Breathiness . . . . .	207
<b>XVI. TESTS OF NORMAL AND ABNORMAL QUALI- TIES . . . . .</b>	<b>210</b>
I. The Special Test of the Senses . . . . .	211
II. Sensation . . . . .	212
III. General Signs of Progress . . . . .	213

V

<b>LENGTH OF THE SOUND WAVES . . . . .</b>	<b>217</b>
<b>XVII. The Training of the Ear . . . . .</b>	<b>220</b>
I. Possibility of Developing the Ear . . . . .	222
II. The Sense of Variation in Pitch . . . . .	226
III. The Sense of Quality . . . . .	229
<b>XVIII. SONG AND SPEECH . . . . .</b>	<b>232</b>
I. Elemental Vocal Actions in Singing and Speaking . . . . .	232
II. Should Speech and Song be Studied together? . . . . .	236
<b>XIX. AGILITY OF THE VOICE IN SPEAKING . . . . .</b>	<b>242</b>
I. Inflexional Agility . . . . .	244
II. Intervallic Agility . . . . .	258
<b>XX. AGILITY IN SONG . . . . .</b>	<b>266</b>
I. Sustaining of Conditions . . . . .	267
II. Ease in the Production of High and Low Notes . . . . .	268
III. Range of Voice in Song . . . . .	272

VI

<b>HEIGHT OF THE SOUND WAVES . . . . .</b>	<b>277</b>
<b>XXI. FORCE AND POWER . . . . .</b>	<b>277</b>
I. Projection of the Tone . . . . .	279
II. Support of the Tone . . . . .	286

	Page
<b>XXII. FORCE IN MODULATIONS AND CONDITIONS</b>	296
I. Intensity . . . . .	297
II. Volume . . . . .	307
III. Weakness of Tone . . . . .	310
<b>XXIII. FLEXIBILITY OF VOICE</b>	312
I. Nature and Causes of Flexibility . . . . .	313
II. Organic Facility . . . . .	316
III. Rhythm . . . . .	317
IV. Metre . . . . .	319
V. Development of Flexibility . . . . .	328
VI. Movement . . . . .	330
<b>VII</b>	
<b>THE SHAPE OF THE SOUND WAVES</b>	333
<b>XXIV. SECONDARY VIBRATIONS</b>	333
I. Overtones . . . . .	334
II. Sympathetic Vibrations . . . . .	335
III. Secondary Vibrations of the Human Voice . . . . .	338
<b>XXV. THE DEVELOPMENT OF SECONDARY VIBRA- TIONS</b>	341
<b>XXVI. EXPRESSIVE FUNCTION OF THE SECONDARY VIBRATIONS</b>	352
I. The Relation of Color to Form . . . . .	354
II. The Education of Feeling . . . . .	358
III. Positive and Negative Emotions and Modes of Ex- pression . . . . .	359
IV. Gamut of Emotion . . . . .	365
<b>XXVII. TEXTURE</b>	371
I. Texture and Character . . . . .	372
II. Tone and the Body . . . . .	374
III. Realization and Texture . . . . .	379
IV. Manipulation and Modulation . . . . .	384
<b>XXVIII. ELASTICITY</b>	386
I. Degrees of Realization . . . . .	388
<b>XXIX. SECONDARY VIBRATIONS IN SONG</b>	394

VIII
