Contents

Preface x

1 Fundamentals of the Spinal Column 2

1.1 Development and Structure of the Spinal Column 2
1.1.1 Ideal Curvature 2
1.1.2 Architecture of the Cancellous (Trabecular) Bone 3

1.2 Motion Segment 4
1.2.1 The Structure of a Vertebra 4
1.2.2 Zygapophysial Joints (Intervertebral Facet Joints) 6
1.2.3 Innervation of the Motion Segment 10
1.2.4 Ligaments of the Spinal Column 12
1.2.5 Intervertebral Disks 14

2 Cranium and Cervical Spine 24

2.1 Palpation of Landmarks on the Cranium (Skull) and Cervical Spine 24

2.2 Functional Anatomy of the Cranium ... 30
2.2.1 Bony Components 30
2.2.2 Meninges of the Brain 31
2.2.3 Cerebrospinal Fluid 32
2.2.4 Mobility of the Cranium (Skull) 32
2.2.5 Temporomandibular Joint 33
2.2.6 Jaw–Cervical Spine Functional Unit 37
2.2.7 Muscles of Mastication 38
2.2.8 Suprahyoid Muscles 39
2.2.9 Infrahyoid Muscles 39
2.2.10 Interaction between the Muscles of Mastication and the Suprahyoid and Infrahyoid Muscles 40
2.2.11 Muscles of the Calvaria (Epicranius Muscle) 40
2.2.12 Mimic Muscles 41

2.3 Functional Anatomy of the Cervical Spine 42
2.3.1 X-Ray of the Cervical Spine 42
2.3.2 Upper Cervical Spine 44
2.3.3 Lower Cervical Spine 51
2.3.4 Prevertebral Muscles 57
2.3.5 Posterior Neck Muscles 60
2.3.6 Brachial Plexus 63

3 Thoracic Spine and Thorax 66

3.1 Palpation of Landmarks of the Thoracic Spine and Thorax 66

3.2 Functional Anatomy of the Thoracic Spine 69
3.2.1 X-Ray of the Thoracic Spine 69
3.2.2 Thoracic Vertebra 70
3.2.3 Ligaments of the Thoracic Spine 71
3.2.4 Movements in the Thoracic Spine Area ... 72

3.3 Functional Anatomy of the Thorax 74
3.3.1 Movements of the Ribs 78
3.3.2 Muscles of the Thoracic Spine: Lateral Tract 80
3.3.3 Medial Tract 80
3.3.4 Muscles of Inspiration 82
3.3.5 Muscles of Exhalation 84
3.3.6 Muscles That Assist in Respiration 84
3.3.7 Course of the Nerves in the Thoracic Spine Region 85

4 Shoulder 88

4.1 Palpation of Landmarks in the Shoulder Area 88

4.2 Functional Anatomy of the Shoulder .. 94
4.2.1 X-Ray of the Shoulder 94
4.2.2 Range of Motion of the Arm: Participating Joints 95
4.2.3 Glenohumeral Joint 96
4.2.4 Subacromial Space 101
4.2.5 Scapulothoracic Gliding Plane 102
4.2.6 Muscles of the Scapula 104
4.2.7 Acromioclavicular Joint 106
4.2.8 Sternoclavicular Joint 107

4.3 Movements of the Arm 110
4.3.1 Movement: Abduction 110
4.3.2 Adduction 120
4.3.3 Extension 122
4.3.4 Flexion 123
4.3.5 Rotation 124

4.4 Course of the Nerves in the Shoulder Region 126

5 Elbow 132

5.1 Palpation of Landmarks in the Elbow Region 132

5.2 Functional Anatomy of the Elbow 139
5.2.1 X-Ray Image of the Elbow 139
5.2.2 Elbow Joint 140
5.2.3 Ligaments 147
5.2.4 Axes and Movements 149
5.2.5 Muscles: Flexors 152
5.2.6 Muscles: Extensors 154
5.2.7 Muscles: Pronators 154
5.2.8 Muscles: Supinators 155

5.3 Course of Nerves in the Elbow Region . 156

6 Hand and Wrist 160

6.1 Palpation of Structures in the Hand and Wrist 160
6.1.1 Radial Side of the Hand and Wrist 160
6.1.2 Dorsum of the Hand and Wrist 161
6.1.3 Ulnar Side of the Hand and Wrist 163
6.1.4 Palmar Region 164
6.1.5 Phalanges 167

6.2 Functional Anatomy of the Hand and Wrist 168
6.2.1 X-Ray of the Hand and Wrist 168
6.2.2 Wrist Joint 169
6.2.3 Joint Capsules of the Hand, Wrist, and Finger Joints 172
6.2.4 Perfusion 173
6.2.5 Innervation 174
6.2.6 Ligaments 175
6.2.7 Carpal Tunnel 180
6.2.8 Guyon's Canal 180
6.2.9 Axes and Movements 181
6.2.10 Muscles of the Wrist Joint: Extensors 185
6.2.11 Muscles of the Wrist Joint: Flexors 186
6.2.12 Muscles of the Wrist Joint: Radial Abductors 187
6.2.13 Muscles of the Wrist Joint: Ulnar Abductors 188
6.2.14 Joints of the Midhand Region 189
6.2.15 Finger Joints 194
6.2.16 Muscles of the Finger: Extensors 200
6.2.17 Muscles of the Finger: Flexors 205
6.2.18 Long Thumb Muscles 207
6.2.19 Short Thumb Muscles (Thenar Muscles) .. 208
6.2.20 Hypothenar Muscles 209
6.2.21 Palmaris Brevis Muscle 209

6.3 Course of Nerves in the Hand and Wrist Region 210

7 Lumbar Spine 214

7.1 Palpation of Landmarks in the Lumbar Spine and Abdominal Areas 214

7.2 X-Ray Image of the Lumbar Spine, Pelvis, and Hips 221

7.3 Lumbar Vertebrae 224

7.4 Ligaments of the Lumbar Spine 230

7.5 Circulation and Innervation 232

7.6 Lumbar Spine Movements 236

7.7 Muscles of the Lumbar Spine Region .. 240

7.8 Fascial Structures of the Torso 251

7.9 Cauda Equina 252

7.10 Lumbar Plexus 255

8 Pelvis and Hip Joint 262

8.1 Palpation of Landmarks in the Pelvic and Hip Region 262
8.1.1 Palpation in the Posterior Pelvic Area 262
8.1.2 Palpation in the Lateral Pelvic Area 266
8.1.3 Palpation in the Anterior Pelvic Area 267

8.2 X-Ray and CT Scan 274
8.2.1 Pelvis–Leg Overview (Anteroposterior View in the Standing Position) 274
8.2.2 Pelvis–Leg Overview (Lateral View in the Standing Position) 277
8.2.3 Lines and Angles to Determine Hip Dysplasia and Dislocation 278
8.2.4 Rippstein II View 280
8.2.5 Computed Tomography 280

8.3 Pelvic Ring 281
8.3.1 Bony Structure of the Pelvis 281
8.3.2 Pelvic Dimensions 287
8.3.3 Distribution of Forces 289

8.4 Sacro-Iliac Joint 293
8.4.1 Articular Surfaces 293
8.4.2 Joint Capsule 295
8.4.3 Ligaments 295
8.4.4 Vascular Supply 298
8.4.5 Innervation 299
8.4.6 Axes of Motion 299
8.4.7 Movements 300
8.4.8 Stabilizing Structures 306
8.4.9 Connection between the Sacrum and Cranium 309

8.5 Pubic Symphysis 310
8.5.1 Articular Surfaces 310
8.5.2 Axes of Motion and Movements 310
8.5.3 Ligaments 311
8.5.4 Stabilizing Muscles 311

8.6 Sacrococcygeal Joint 312
8.6.1 Articular Surfaces 312
8.6.2 Ligaments 312
8.6.3 Axes of Motion and Movements 313
8.6.4 Stabilizing Muscles 313

8.7 Hip Joint 314
8.7.1 Articular Surfaces 314
8.7.2 Joint Capsule 317
8.7.3 Ligaments 319
8.7.4 Arterial Supply 324
8.7.5 Innervation 325
8.7.6 Angles in the Femoral Region 326
8.7.7 Movements and Axes of Motion 328
8.7.8 Biomechanics 331
8.7.9 Stabilization of the Hip Joint 337

8.8 Muscles of the Pelvic and Hip Regions 338
8.8.1 Pelvic Diaphragm 338
8.8.2 Urogenital Diaphragm 339
8.8.3 Flexors of the Hip Joint 342
8.8.4 Extensors of the Hip Joint 349
8.8.5 Abductors of the Hip Joint 352
8.8.6 Adductors of the Hip Joint 355
8.8.7 External Rotators of the Hip Joint 357
8.8.8 Internal Rotators of the Hip Joint 359

8.9 Neural Structures in the Pelvis–Hip Area 360
8.9.1 Sacral Plexus 360

9 Knee 366

9.1 Palpation of Knee Structures 366
9.1.1 Palpation of Anterior Knee Structures 366
9.1.2 Palpation of Medial Knee Structures 371
9.1.3 Palpation of Lateral Knee Structures 374
9.1.4 Palpation of Posterior Knee Structures 378

9.2 X-Ray of the Knee 381
9.2.1 Anteroposterior View 381
9.2.2 Lateral View 383
9.2.3 Tangential View 384

9.3 Knee Joint 386

9.3.1 Bony Structure and Joint Surfaces 386
9.3.2 Joint Capsule 392
9.3.3 Central Functional Complex 398
9.3.4 Anterior Functional Complex 410
9.3.5 Medial Functional Complex 418
9.3.6 Lateral Functional Complex 422
9.3.7 Posterior Functional Complex 425
9.3.8 Vascular Supply 429
9.3.9 Innervation 431
9.3.10 Axes of Motion and Movements 432
9.3.11 Biomechanics 438

9.4 Neural Structures 444

9.4.1 Terminal Branches of the Sciatic Nerve ... 444

10 Foot and Ankle 450

10.1 Palpation of the Structures of the Foot and Ankle 450

10.1.1 Medial Region of the Foot and Ankle 450
10.1.2 Dorsum of the Foot 457
10.1.3 Lateral Region of the Foot and Ankle 460
10.1.4 Heel 463
10.1.5 Plantar Surface 465

10.2 X-Ray Image 468

10.2.1 Anteroposterior View 468
10.2.2 Lateral View 469
10.2.3 Dorsal-Plantar View 470
10.2.4 Stress Views 471
10.2.5 MRI 473

10.3 Ankle Joint (Talocrural Joint) 474

10.3.1 Bony Structures and Joint Surfaces 474
10.3.2 Architecture of Cancellous (Trabecular) Bone 477
10.3.3 Joint Capsule 478
10.3.4 Ligaments 480
10.3.5 Axes of Motion and Movements 486

10.4 Tibiofibular Joint 489

10.4.1 Bony Structures and Joint Surfaces of the Tibiofibular Syndesmosis 489
10.4.2 Ligaments of the Tibiofibular Syndesmosis 489
10.4.3 Interosseous Membrane of the Leg 490
10.4.4 Bony Structures and Joint Surfaces of the Superior Tibiofibular Joint 491
10.4.5 Joint Capsule of the Superior Tibiofibular Joint 491
10.4.6 Ligaments of the Superior Tibiofibular Joint 491
10.4.7 Axis of the Superior Tibiofibular Joint 492
10.4.8 Mechanics of the Tibiofibular Connections 492

10.5 Talotarsal Joint 493

10.5.1 Bony Structures and Joint Surfaces of the Subtalar Joint 493
10.5.2 Bony Structures and Joint Surfaces of the Talocalcaneonavicular Joint 494
10.5.3 Joint Capsule 496
10.5.4 Ligaments 497
10.5.5 Axes and Movements 499

10.6 Stabilization of the Ankle Joints 503

10.6.1 Passive Stabilization 503
10.6.2 Dynamic Stabilization 504

10.7 Ankle Joint during Ambulation 516

10.7.1 Electromyographic Muscle Activity during Ambulation 516
10.7.2 Range of Motion 516

10.8 Calcaneocuboid Joint 518

10.8.1 Bony Structure and Joint Surfaces 518
10.8.2 Joint Capsule 518
10.8.3 Ligaments 519
10.8.4 Axes and Movements 521

10.9 Tarsal Joints 522

10.9.1 Bony Structures and Joint Surfaces of the Cuneonavicular and Cuboideonavicular Joints 522
10.9.2 Joint Capsule and Ligaments of the Cuneonavicular and Cuboideonavicular Joints 524
10.9.3 Axes and Movements of the Cuneonavicular and Cuboideonavicular Joints 526
10.9.4 Bony Structures and Joint Surfaces of the Cuneocuboid and Intercuneiform Joints .. 526
10.9.5 Joint Capsules and Ligaments of the Cuneocuboid and Intercuneiform Joints .. 527
10.9.6 Axes and Movements of the Cuneocuboid and Intercuneiform Joints 527

10.10 **Tarsometatarsal and Intermetatarsal Joints** 528

10.10.1 Bony Structures and Joint Surfaces 528
10.10.2 Joint Capsules and Ligaments 530
10.10.3 Axes and Movements of the Tarsal and Tarsometatarsal Joints 532

10.11 **Metatarsophalangeal and Interphalangeal Joints** 534

10.11.1 Bony Structures and Joint Surfaces of the Metatarsophalangeal and Interphalangeal Joints 534
10.11.2 Joint Capsules and Ligaments of the Metatarsophalangeal and Interphalangeal Joints 537
10.11.3 Axes and Movements 538

10.12 **Musculature** 539

10.12.1 Dorsiflexors 539
10.12.2 Plantarflexors 539
10.12.3 Pronators/Abductors 540
10.12.4 Supinators/Adductors 540
10.12.5 Muscles of the Dorsum of the Foot 541
10.12.6 Plantar Muscles of the Foot 541
10.12.7 Muscles of the Big Toe 544
10.12.8 Muscles of the Little Toe 546

10.13 **Biomechanics** 547

10.13.1 Arches of the Foot 547
10.13.2 Statics of the Foot 554

10.14 **Vascular Supply** 558

10.15 **Neural Structures of the Foot and Ankle** 560

10.15.1 Innervation of the Joints of the Foot and Ankle 560
10.15.2 Courses of the Nerves in the Foot and Ankle 561
