

# Contents

## SECTION I PRINCIPLES

- 1 Refractive Status of the Eye, 3**  
*Mark Rosenfield*
- 2 Incidence and Distribution of Refractive Anomalies, 35**  
*Karla Zadnik, Donald O. Mutti*
- 3 Development of the Ametropias, 56**  
*David A. Goss*
- 4 Accommodation, the Pupil, and Presbyopia, 93**  
*Kenneth J. Ciuffreda*
- 5 Fusion and Binocularity, 145**  
*Kent M. Daum, Glen L. McCormack*

## SECTION II ADJUNCT EXAMINATIONS

- 6 The Ophthalmic Case Historian, 195**  
*Charles L. Haine*
- 7 Visual Acuity, 217**  
*Ian L. Bailey*
- 8 Contrast Sensitivity and Glare Testing, 247**  
*David B. Elliott*
- 9 Color Vision, 289**  
*Paul L. Pease*
- 10 Ocular Motility, 356**  
*C. Denise Pensyl, William J. Benjamin*
- 11 The Physical Examination, 400**  
*Teresa A. Lowe, Karin A. Johnson*
- 12 Pharmacology and Refraction, 432**  
*Charles G. Connor, Freddy W. Chang*
- 13 Anterior Segment Evaluation, 485**  
*Joseph B. Fleming, Leo P. Semes*
- 14 Posterior Segment Evaluation, 511**  
*Leo P. Semes, John F. Amos*

- 15 Visual-Field Screening and Analysis, 544**  
*George W. Comer*
- 16 Clinical Electrophysiology, 619**  
*William H. Ridder III, John B. Siegfried*

## SECTION III THE REFRACTION

- 17 Corneal Topography, 645**  
*Douglas G. Horner, Thomas O. Salmon, P. Sarita Soni*
- 18. Objective Refraction: Retinoscopy, Autorefractometry, and Photorefractometry, 682**  
*Charles E. Campbell, William J. Benjamin, Howard C. Howland*
- 19 Wavefront Refraction, 765**  
*Larry N. Thibos, Nikole L. Himebaugh, Charles D. Coe*
- 20 Monocular and Binocular Subjective Refraction, 790**  
*Irvin M. Borish, William J. Benjamin*
- 21 Phorometry and Stereopsis, 899**  
*J. James Saladin*

## SECTION IV ANALYSIS AND PRESCRIPTION OF OPTICAL CORRECTIONS

- 22 Analysis, Interpretation, and Prescription for the Ametropias and Heterophorias, 963**  
*James M. Newman*
- 23 Correction with Single-Vision Spectacle Lenses, 1026**  
*Gregory L. Stephens*
- 24 Correction with Multifocal Spectacle Lenses, 1101**  
*Adam Gordon, William J. Benjamin*
- 25 Prescription of Absorptive Lenses, 1153**  
*Donald G. Pitts, B. Ralph Chou*

- 26 Applied Optics of Contact Lens Correction, 1188**  
*William J. Benjamin*
- 27 Clinical Optics of Contact Lens Prescription, 1246**  
*William J. Benjamin*
- 28 Correction of Presbyopia with Contact Lenses, 1274**  
*William J. Benjamin, Irvin M. Borish*
- 29 Optical Correction with Refractive Surgeries and Prosthetic Devices, 1320**  
*William L. Miller*

**SECTION V  
SPECIAL CONDITIONS**

- 30 Infants, Toddlers, and Children, 1395**  
*Wendy L. Marsh-Tootle, Marcela G. Frazier*
- 31 Patients with Amblyopia and Strabismus, 1461**  
*Richard London, Bruce Wick*

- 32 Patients with Anisometropia and Aniseikonia, 1479**  
*Marjean A. Taylor Kulp, Thomas W. Raasch, Michael Polasky*
- 33 Patients with High Refractive Error, 1509**  
*Melissa W. Chun, Jennie Y. Kageyama, Lisa Barnhart Fox, Barry A. Weissman*
- 34 Patients with Keratoconus and Irregular Astigmatism, 1523**  
*Loretta Szczotka-Flynn, William J. Benjamin, Gerald E. Lowther*
- 35 The Elderly, 1571**  
*Mark W. Swanson*
- 36 Patients with Low Vision, 1591**  
*Dawn K. DeCarlo, Stanley Woo, George C. Woo*
- 37 Refractive Effects of Ocular Disease, 1619**  
*Lisa L. Schifanella, Thomas R. Karkkainen*

**INDEX 1659**
