1 Introduction	8
2 Underlying Principles	9
2.1 The Principle of Environmental Restoration	9
2.2 The Principle of Restoration Ecology	10
2.3 New World Origins of Environmental Restoration	13
2.4 Old World Origins of Environmental Restoration	16
2.5 Old World/ New World Commonalties	17
3 Environmental Politics and Ecology	18
3.1 Restoration within the Environmental Public Policy Debate	18
3.2 Reasons to Restore: Preservation, Conservation, Restoration .	22
3.3 Restoration and Habitat Protection	25
3.4 From Instrumental to Intrinsic Value	29
3.5 The Concept of Biotic Citizenship	32
3.6 Laying the Foundation for a Policy of Restoration	32
4 Restoration and Economics	33
4.1 Reform Environmentalism, Restoration Ecology, and the Goods and Services Paradigm	33
4.2 Tension between Economics and the Environment	34
4.3 Restoration as a Factor in Economic Development	35
4.4 A General View of Sustainable Development	37
4.5 A Starting Point for Restoration Economics	39
4.6 Sustainable or Not Sustainable?	41
5 Restoration in the Developing World	44
5.1 The Development Debâcle	44
5.2 The Quest for Universalizing Alternatives	45
5.3 National Treasures Equal Natural Pleasures	57
5.4 Re-Valuing Wilderness	59
5.5 Wildlands Philanthropy	65

6 Linking Restoration to the Environmental Debate	68
6.1 Reform Environmentalism and Restoration	68
6.2 Deep Ecology and the Restoration Agenda	70
6.3 Restoration's Religiosity	76
6.4 The Need for Multi-Sectoral Restoration	78
7 Valuing Wilderness	81
7.1 The Modern Way	81
7.2 The Urban Way	82
7.3 The Artefactual Way	85
8 Applying Restoration	87
8.1 Restoration Ecology in Practice	87
8.2 Restoration on Degraded Lands, Rivers and Streams	88
8.3 Re-Introduction as Restoration	89
8.4 Pre-planned Restoration or Restoration as Mitigation	91
8.5 Restoration in the Form of Bio-Remediation	91
8.6 Cross-Sectoral Restoration	92
8.7 Restoration as Rehabilitative Artefact	92
9 Rethinking the Human/Nature Divide	94
9.1 Philosophical Quandaries	94
9.2 A Necessary Step Toward an Ecology of Mind	100
9.3 Environmental Education and Ecological Literacy	103
9.4 Ecological Literacy and Intrinsic Value	106
9.5 Non-Ecologists and Restoration Ecology	113
9.6 Civic Environmentalism: NGOs and Restoration	115
10 Restructuring for Restoration	116
10.1 Managing for Restoration	116
10.2 Defining Ecology for Restoration	119
10.3 Defining Biodiversity for Restoration	120
10.4 Restoring Biodiversity for Sustainable Development	121
10.5 Genetic Engineering and Sustainable Development	123

11 Institutionalizing the Response	128
11.1 Restructuring Economics and Ecology	128
11.2 An Economic Paradigm for Restoration	132
11.3 Establishing an Ecosystem Health Paradigm	134
11.4 The Institutional Response	140
11.5 Restoration as Policy	141
11.6 An Ecology of Restoration	142
11.7 Restoration Has Global Application	143
11.8 Environmental Restoration Re-defined	144
12 Conclusion	144
13 Literature	146
