Firearm-Related Pediatric Head Trauma: A Scoping Review

On the Cover

Sir Christopher Wren's epitaph at St. Paul's reads "Lector, si monumentum requiris, circumspice" – "Reader, if you seek his monument, look around you." The epitaph was written by his son Christopher Wren and is set on the floor directly under the dome - the key to its inspired location is that when you "look

around you," you see not his resting place but the dome and the entire glorious structure he created. *This cover is a testimonial to all the Editors-in-Chief Emeriti who built this "glorious structure" – NEUROSURGERY Publications.*
