

CONTENTS

REVIEW

- The physiology of cold hardiness in terrestrial arthropods — L. SØMME 1

POINT OF VIEW

- Entomology and nature conservation — T.R. NEW 11

ARTICLES

- Survival and reproduction of small blow flies (*Calliphora vicina*; Diptera: Calliphoridae) produced in severely overcrowded short-day larval cultures — D.S. SAUNDERS, I. WHEELER & A. KERR 19
- Distribution and abundance of ladybirds (Coleoptera: Coccinellidae) in non-crop habitats — S.R. LEATHER, R.C.A. COOKE, M.D.E. FELLOWES & R. ROMBE 23
- Life-cycles and biological features of eggs predators of *Lymantria dispar* (Lepidoptera: Lymantriidae) in the Mamora cork oak forest, Morocco — C. VILLEMANT & M.-C. ANDREÏ-RUIZ 29
- Environmental variables influencing the distribution of Hydraenidae and Elmidae assemblages (Coleoptera) in a moderately-polluted river basin in north-western Spain — F. GARCÍA-CRIADO, C. FERNÁNDEZ-ALÁEZ & M. FERNÁNDEZ-ALÁEZ 37
- Morphology of accessory ovaries in adult males of *Perla marginata* (Plecoptera: Perlidae) — E. ROŚCISZEWSKA & T. SOLDÁN 45
- Blaena tamasi* sp. n. from Western Australia, the first species of Cydnidae (Hemiptera: Heteroptera) with staphylinoid wing modification — J.A. LIS 53
- Larvae of *Ataenius* (Coleoptera: Scarabaeidae: Aphodiinae): Generic characteristics and species descriptions — J.R. VERDÚ & E. GALANTE 57

NOTES

- Effects of rearing history and geographical origin on reproduction and body size of the predator *Podisus nigrispinus* (Heteroptera: Pentatomidae) — J. MOHAGHEGH, P. DE CLERCQ & L. TIRRY 69
- Pattern of cell punctures by the aphid *Sitobion fragariae* (Sternorrhyncha: Aphididae) and cell arrangement in the leaf tissues of wheat, *Triticum aestivum* — C.C. RAMÍREZ, N. OLEA & H.M. NIEMEYER 73
