

CONTENTS

INTRODUCTION	15
Territorial subdivisions	16
The integration of separate towns and municipalities	17
 HISTORICAL CONTEXTS AND THE DEVELOPMENT OF INDIVIDUAL INDUSTRIES	21
 TRANSPORT	23
Cable transport	23
Air transport	25
Waterway transport	26
Road transport	27
Rail transport	29
Imperial-Royal Exclusively Privileged Emperor Ferdinand Northern Railway (K. K. Ausschliesslich Privilegierte Kaiser-Ferdinands-Nordbahn, KFNB)	31
Horse-drawn railway	32
The Mine Railway (Montanbahn)	32
The Ostrava-Frýdlant Line (K. K. Priv. Ostrau-Friedlander Eisenbahn, OFE)	34
The Polanka Link Line / Těšín Line	35
Tram Transport / Urban Public Transport	36
Brno Tram Company (Brünner Lokal-Eisenbahn-Gesellschaft, BLEG) / Moravian Tram Company (Společnost moravských místních drah, SMMD) / Moravská Ostrava Tram Company (Společnost moravsko-ostravských místních drah)	36
Moravian-Silesian Joint-Stock Tram Company (Mährisch-Schlesische Lokalbahn- -Aktien-Gesellschaft, MSLAG) / Silesian Provincial Railways (Slezské zemské dráhy)	39
Ostrava–Karviná Tram Line (Lokalbahn Ostrau–Karwin), “Karviná Tram” (Karvinská Tramvaj”), “Radvanice Shuttle” (“Radvanický Pendl”)	39
Vítkovice Ironworks Factory Railways / Vítkovice Ironworks Electric Factory Railways (“Komárek”)	40
Ostrava City Transport Corporation (Dopravní podnik města Ostravy, DPMO)	41
 ENERGY	43
Electricity generation	43
Factory power plants	45
Public (municipal) power plants	47
General-utility power plants	47
Czechoslovak Power Plants (Československé energetické závody) / Czech Power Plants (České energetické závody, ČEZ)	48
Switching stations and long-distance power lines	50
Gas production	51
Factory gasworks	52
Municipal gasworks	52
Gas-holders (gasometers) with water tanks, wet gas-holders	53
Man-System dry piston-type gas-holders	53
Long-distance gas pipelines, the national gas supply network	55
 MINING	57
The first discoveries of coal	57
Regular mining	59
The concept of using coal in iron production and the subsequent Expansion of mining operations	59
Concentration of mining operations	61
Count Wilczek’s Coal Mines and Coking Plants, Count Wilczek	61

Vítkovice Coal Mines (Vítkovické kamenouhelné doly, VKD) / Vítkovice Mining and Iron Company (Witkowitz Bergbau- und Eisenhütten-Gewerkschaft, Vítkovické horní a hutní těžarstvo, VHHT)	64
The Hlučín mining area	64
The Polská/Slezská Ostrava and Hrušov mining area	65
The Moravská Ostrava/Vítkovice mining area	68
Imperial-Royal Exclusively Privileged Emperor Ferdinand Northern Railway (K. K. Ausschliesslich Privilegierte Kaiser-Ferdinands-Nordbahn, KFNB) / Imperial-Royal Privileged Emperor Ferdinand Northern Railway / Ferdinand Northern Railway	70
The Michálkovice mining area	72
The Slezská (Polská) Ostrava mining area	72
The northern mining area in Moravská Ostrava, Přívoz and Hrušov	74
Prince Salm-Reifferscheidt / Ostrava Joint-Stock Mining Company, Formerly Prince Salm (Ostrauer Bergbaugesellschaft, A. G., vormals Fürst Salm in Polnisch Ostrau)	74
Austrian Mining and Iron Company (Österreichische Berg- und Hüttenwerksgesellschaft) / Mining and Iron Company in Brno (Báňská a hutní společnost v Brně, B&H)	79
The mining area of Prince Salm-Reifferscheidt / Ostrava Joint-Stock Mining Company, formerly Prince Salm in Slezská/Polská Ostrava and Radvanice	79
The mining area in Čertova Lhotka / Mariánské Hory and Nová Ves	74
Zwierzina Coal Mining Company, Jan Zwierzina	80
Nationalization and the creation of the Ostrava-Karviná Coal Mines / Ostrava-Karviná Mines (OKD) National Corporation	83
The closure of the mines	83
The protective pillar	84
The effects of coal mining and surface-level protection	84
The protective pillar	84
Technical developments in coal mining	86
Shallow mining	86
The single entry and pillar method, up-dip mining along sloping seams	86
Deep mining	86
The bord and pillar methods	87
Longwall mining	87
Mechanization of mining	87
Horizontal mine transport	88
Vertical mine transport	88
Surface equipment, winding towers, pit-head buildings and engine halls	91
Mine ventilation	92
Intake shafts and return shafts	97
Mine drainage	97
Drainage shafts	97
Coal preparation	98
Preliminary processes, loosening	98
Separation	98
Manual sorting	98
Gravitational separation	98
Flotation separation	103
Intensification and auxiliary processes	100
Preserved and technically interesting coal preparation facilities	103
METALLURGY	107
Rudolf Ironworks (Rudolfshütte, Rudolfova huť) / Vítkovice Ironworks (Witkowitz Eisenwerke, Vítkovické Železárny) / Vítkovice Mining and Iron Company (Witkowitz	

Bergbau- Und Eisenhütten-Gewerkschaft, Vítkovické horní a hutní těžářstvo) / Klement Gottwald Vítkovice Ironworks (Vítkovické Železářny Klementa Gottwalda) / Vítkovice Heavy Machinery	108
Schüller Ironworks	117
Elbertzhagen und Glassner Foundry and Metal Goods Factory	117
Sophienhütte Ironworks / Žofinská huť	119
Southern Plant (Südbau) / Klement Gottwald New Metalworks (Nová huť Klementa Gottwalda), NHKG / New Metalworks (Nová huť) / Ispat Nová huť / Mittal Steel Ostrava / Arcelormittal Ostrava / Liberty Ostrava, a. s.	120
The technical development of coke iron and steel production	124
The technological flow of the iron production process	127
Mining and processing of iron ore	127
Coke production (carbonization)	128
Coke ovens	131
Flame ovens, indirect coking	131
The use of by-products and heat regeneration	132
Production of pig iron	132
The pig iron production process	133
Blast furnaces	137
Blast stoves and bellows	142
Cleaning of blast furnace gas, pipelines	145
Refining of pig iron, steel production	147
The refining process	147
Wrought iron and carbon steel production, steel furnaces	149
Converters	149
Oxyvit oxygen converters	151
Open-hearth furnaces, The Siemens-Martin process	154
Electric furnaces	161
Secondary metallurgy	162
Casting	162
Forming	164
Rolling	166
Forging	173
THE CHEMICAL INDUSTRY	177
The use of coal as a fuel, transport infrastructure (supply of raw materials) for chemical production	177
Production of soda (Sodium Carbonate) using the Leblanc process	178
Production of soda (Sodium Carbonate) using the Solvay process	178
Production of sulphuric acid (H_2SO_4)	180
Processing of oil, distillation and rectification	182
The use of coal as a raw material in chemical production	182
Julius Rüttgers / Urx Works / "The Tar Factory"	183
The chemical divisions of coking plants, production of ammonium sulphate, benzene, phenol and gaseous hydrocarbon mixtures	184
The Haber-Bosch method (process), the basis for the production of artificial fertilizers and explosives	184
THE FOOD INDUSTRY	187
Sugar refining	187
Slaughterhouses	187
Distilleries	189
Mills and bakeries	189
Brewing and malting	190

WATER MANAGEMENT	193
The Odra waterway, The Danube–Odra–Labe Canal	195
Water management, drinking water supply	195
Sewerage and waste water treatment	196
Valley reservoirs and the construction of dams	197
Small reservoirs, fish ponds, slurry settling tanks	199
 SPOIL-TIPS (SLAG-HEAPS) AND ANTHROPOGENIC GEOMORPHOLOGY	201
Spoil-tips of coal mines	201
Spoil-tips of metallurgical and chemical factories	205
 URBAN STRUCTURE AND RESIDENTIAL BUILDINGS	207
Population growth and the transformation of urban structure	208
Workers' housing schemes ("colonies")	210
Miners' housing schemes of the Emperor Ferdinand Northern Railway Company / Ferdinand Northern Railway	212
Miners' housing schemes of the Moravská Ostrava Marie Anna Coal Mining Company / Austrian Mining and Iron Company / Mining and Iron Company	213
Miners' housing schemes of the Prince Salm-Reifferscheidt Company / Ostrava Joint-Stock Mining Company, formerly Prince Salm	214
Miners' housing schemes of the Zwierzina Coal Mining Company, Jan Zwierzina	217
Miners' housing schemes of the Jan Wilczek Coal Mines and Coking Plant	217
Miners' housing schemes of the Vítkovice Coal Mines Company / Vítkovice Mining and Iron Company	219
The industrial town of "New Vítkovice"	220
The crystallization of urban cores within the agglomeration	227
Přívaz	227
The inter-war period, The Ostrava Regulation Council	229
Shifting post-war opinions on the demolition of the city centre	230
Housing estates instead of low-density residential areas	230
The pomp of "New Ostrava" – a new socialist city	231
 THE PRESERVATION OF INDUSTRIAL CULTURAL HERITAGE	235
Museum institutions	235
The Museum of Industry and Trade in the Ostrava-Karviná Coalfield (Industrie- und Gewerbemuseum für Ostrau-Karwiner-Revier) / The Museum of Applied Arts and Trade in the Ostrava-Karviná Coalfield (Kunst-Industrie und Gewerbemuseum für das Ostrau-Karwiner Kohlenrevier)	236
Museum of Accident Prevention at the Mining Authority in Moravská Ostrava (Museum für Unfallverhütung im Bergbau beim K. K. Revierbergamte in Mährisch Ostrau) / Museum of Mining and Industry in Moravská Ostrava (Bergbau- und Industriemuseum in Mährisch Ostrau) / Industrial Museum Association (Spolek Průmyslové muzeum)	236
Industrial Museum (Průmyslové muzeum) / Museum of Applied Arts (Uměleckoprůmyslové muzeum) / Museum of the North-East Moravian and Silesian Union for Industry, Trade and Commerce in Moravská Ostrava (Muzeum Průmyslové, živnostenské a obchodní jednoty pro severovýchodní Moravu a Slezsko v Moravské Ostravě)	237
City Museum (Městské muzeum) / Museum Association for the Wider Ostrava Region (Muzejní spolek pro širší Ostravsko) / Moravská Ostrava Industrial Museum (Průmyslové muzeum Moravská Ostrava) / Ostrava City Museum (Ostravské muzeum)	237
Museum Vítkovice – Klement Gottwald Ironworks and Machine Works (Muzeum Vítkovic – železáren a strojů Klementa Gottwalda) / Vítkovice Ironworks Museum (Muzeum Vítkovických železáren) / U6 Small World of Technology (Malý svět techniky U6)	238
Mining Museum (Hornické muzeum) / Landek Park	239

An Industrial Museum	239
Heritage protection of buildings, technical equipment and landscape remnants	240
Ostrava's Industrial Complexes on the Unesco Tentative List	242
Still Unprotected... ..	242
The interdisciplinary (monumentological) concept, interdisciplinary coordination of industrial heritage preservation	243
Public access to underground parts of mines	243
Salvage depositories, publicly accessible depositories	244
The Anselm / Eduard Urx Mine / Mining Museum / Landek Park	244
The Lower Vítkovice Area (Dolní Oblast Vítkovice, DOV)	244
The Michal / Petr Cingr Mine	245
Archeology	247
Educational activities, publications, excursions to operational sites	247
 CATALOGUE OF INDUSTRIAL HERITAGE – LISTED BY INDIVIDUAL CADASTRAL AREAS ...	251
Cadastral area Dubina u Ostravy	251
Air transport	251
Hangar, Ostrava Airfield	251
Cadastral area Hrabová	253
Employees' housing schemes	253
Šídlovec Colony, Vítkovice Mining and Iron Company employees' housing scheme	253
Cadastral area Hrabůvka	254
Employees' housing schemes	254
Jubilee Colony of the Vítkovice Mining and Iron Company	254
Cadastral area Hrušov	257
Mining	257
Hubert/Stachanov Mine	257
Ida / Hope Mine (Hoffnungsschacht) / Stalin I / Red October I Mine	257
Vrbice Ventilation Shaft	258
The chemical industry	261
First Austrian Soda Factory / Hrušov Chemical Works / MCHZ Dukla / Hrušov Chemical Company	261
Cadastral area Kunčice nad Ostravicí	263
Metallurgy	263
Southern Plant (Südbau) / Klement Gottwald New Metalworks / New Metalworks (Nová huť) / Ispat Nová huť / Mittal Steel Ostrava / Arcelormittal Ostrava / Liberty Ostrava, a. s.	263
Cadastral area Kunčičky	265
Mining	265
Alexander Mine	265
Employees' housing schemes	269
Old Colony and New Colony of the Alexander Mine, miners' housing scheme of the Ferdinand Northern Railway Company	269
Jubilee Colony of the Zárubek Mine, miners' housing scheme of the Ferdinand Northern Railway Company	269
Cadastral area Mariánské Hory	271
Energy	271
Ignát / Jan Šverma Power Plant	271
Mining	271
Ignát / Jan Šverma Mine, coking plant and power plant	271
Chemical production	276
Czechoslovak Nitrogenous Substances Plant / Moravian Chemical Works, MCHZ, BorsodChem MCHZ	276
Employees' housing schemes	277

Upper Colony / U Koule at the Ignát / Jan Šverma Mine, miners' housing scheme of the Mining and Iron Company	277
Cadastral area Michálkovice	279
Mining	279
Michal / Petr Cingr Mine	279
Employees' housing schemes	283
Ferdinand Colony, Miners' housing scheme of the Emperor Ferdinand Northern Railway Company	283
Peter / U Pumpy Colony at the Peter and Paul Mine, miners' housing scheme of the Emperor Ferdinand Northern Railway Company	284
Joseph Colony at the Joseph Mine, miners' housing scheme of the Emperor Ferdinand Northern Railway Company	284
Cadastral area Moravská Ostrava	286
Air transport	286
Czechoslovak Airlines ticket office and waiting room, Melantrich Palace	286
Road transport	286
Chain bridge / Reichsbrücke / Miloš Sýkora Bridge (Cadastral areas Moravská Ostrava and Slezská/Polská Ostrava)	286
Rail transport	288
Mine Railway Depot / Czech Railways Eastern Depot	288
Ostrava Central (Ostrau-Witkowitz) Railway Station, Moravian-Silesian Railway Museum	290
Energy	290
Central power plant No. III.	290
Karolina power plant of the Vítkovice Coal Mines Company / Vítkovice Mining and Iron Company	290
Man-System gas-holder, 1. Máje Street	290
Mining	290
Hlubina Mine	290
Mine No. X / Jindřich Mine	292
Jiří (Georg) Mine	293
Karolina Mine, coking plant and power plant / Triple Hall and Forum Nová Karolina Shopping Mall.	294
Office building of the Ferdinand Northern Railway Company / Headquarters of the Ostrava-Karviná Mines (Ostravsko-karvinské doly, OKD)	302
The "Palace" office building of the Mining and Iron Company / Ostrava City Authority, transport department	302
Metallurgy	305
"Palace" office building of the Mining and Iron Company / Ostrava City Authority, Transport Department	305
Sophienhütte, central power plant No. III, Vítkovice Ironworks	305
Food production	306
Municipal slaughterhouse, central slaughterhouse and cattle market	306
Czech Joint-Stock Brewery / Ostravar Brewery	307
Malthouse of the Strassmann Brewery / Moravian-Silesian Municipal Brewery	307
Employees' housing schemes	308
Colony of the Vítkovice Ironworks / Sophienhütte and Schüller Ironworks, Colony of the Vítkovice Mining and Iron Company	308
Cadastral area Nová Ves u Ostravy	309
Mining	309
Ventilation Shaft No. 3 / Šverma Shaft No. 3.	309
Water management	310
Municipal water works / water treatment plant	310
Employees' housing schemes	310
Semi-detached house for engineers of the Czechoslovak Nitrogenous	

Substances plant	310
Cadastral area Petřkovice u Ostravy	312
Road transport	312
Combined road/rail bridge over the Odra River / Danube–Odra–Labe Canal	312
Mining	312
Anselm / Petershofen I / Masaryk I / Eduard Urx I Mine / Mining Museum / Landek Park	312
Oskar / Petershofen 5 / Masaryk 2 / Lidice Mine / recycling centre	315
Employees' housing schemes	316
Mexico Colony of the Anselm / Eduard Urx Mine, miners' housing scheme of the Vítkovice Coal Mines	316
Cadastral area Přívoz	317
Water (boat) transport	317
Danube–Odra–Labe canal / Koblov weir (cadastral areas Přívoz and Petřkovice) ..	317
Road transport	318
Combined road/rail bridge over the Odra River (cadastral areas Přívoz and Petřkovice)	318
Rail transport	318
Ostrava Main Railway Station	318
Energy	320
František / General Ludvík Svoboda / Victorious February Power Plant / Veolia ...	320
Mining	320
František / General Ludvík Svoboda / Victorious February / Odra Mine, Coking Plant And Power Plant	320
Chemical production	324
Max Böhm & Co. Ostrava Mineral Oil Refinery / Ostrauer Mineralöl Raffinerie / Ostrava Mineral Oil Factories in Přívoz / Ostramo, Vlček a spol. s r. o. ...	324
Coke production	326
František / General Ludvík Svoboda / Victorious February / Svoboda Coking Plant	326
Cadastral area Radvanice	326
Food production	326
Leopold Neumann brewery and malthouse / First Moravian-Silesian Brewery in Radvanice / First Moravian-Silesian Workers' Brewery (Skaret & Co.) / First Moravian-Silesian Brewery and Malthouse	326
Cadastral area Slezská Ostrava	327
Road transport	327
Chain bridge / Reichsbrücke / Miloš Sýkora Bridge	327
Energy	327
Salm VII power plant	327
Municipal power plant	327
Mining	328
Jaklovec drainage adit, air raid shelters	328
Salm Mine, coking plant and power plant	328
Terezie / Bergschacht / Petr Bezruč Mine and coking plant	331
Jan Maria Mine	332
Jan (Johann Nepomuk) / Jan Michal (Johann Michaeli) / Michálka Mine	333
Trojice (Trinity, Dreifaltigkeit) Mine and coking plant, conical spoil-tip	335
Water management	336
Water tower	336
Employees' housing Schemes	337
Housing scheme of the Johann Nepomuk (Jan) Mine (Cadastral Area Michálkovice), miners' housing scheme of the Emperor Ferdinand Northern Railway Company	337

Housing Scheme of the Ignát / Salm I Mine (“Salmovec”), housing scheme of the Prince Salm-Reifferscheidt Company	338
Zvěřina housing scheme (“Zvěřinovec”), housing scheme of the Zwierzina Coal Mining Company	341
Cadastral area Stará Bělá	342
Water management	342
Water tower and ground-level tank	342
Cadastral area Svinov	342
Rail transport	342
Ostrava-Svinov Railway Station	342
Metallurgy	342
Huldschinsky / Mannesmann Rolling Plant	342
Food production	344
Wilhelm Grauer and Son Distillery / Spiritusindustrie Aktiengesellschaft / Silesian Distilleries and Starch Factories (Seliko)	344
Cadastral area Třebovice ve Slezsku	344
Boat transport	344
Kilometre zero of the navigable Odra River, Danube–Odra–Labe canal	344
Energy	346
Třebovice Power Plant / 1st of May Power Plant / Veolia, a. s., heating plant	346
Cadastral area Vítkovice	348
Rail transport	348
Ostrava-Vítkovice Railway Station	348
Energy	349
Central Power Plants nos. I and IV, Vítkovice Ironworks / Plant 8, Klement Gottwald Vítkovice Ironworks (VŽKG) / ČEZ	349
Central Power Plants nos. II and VI, Vítkovice Ironworks	349
Gas-holder, Vítkovice Ironworks, Halasova Street	349
Gas-holder, Vítkovice Ironworks / “Gong” multifunctional auditorium	351
Mining	351
New Shaft (Neuschacht) / Louis Mine (Louisschacht) / Steinböck / General Jeremenko / Marshal Jeremenko Mine	351
Metallurgy	352
Lower Vítkovice (Dolní Oblast Vítkovice, DOV) / Technological flow of the Hlubina Mine and the coking plant and blast furnaces of the Vítkovice Ironworks	352
Rudolf Ironworks	352
Heavy machine works, Vítkovice Ironworks	367
Cast steel works / Steelworks, pressing plant, forge and armour plate rolling plant of The Vítkovice Ironworks / Plant 3, Klement Gottwald Vítkovice Ironworks (VŽKG) / Vítkovice Heavy Machinery, a. s.	367
Pressing plant, forge of the “Steam Division”, armour plate rolling plant	368
Heavy machine works	370
Vítkovice Ironworks tube rolling plant / Třinec Ironworks tube rolling plant	370
Water management	372
Water tower, bell-tower of St. Paul’s Church	372
Vítkovice Ironworks mill-race and weir	372
Employees’ housing schemes	373
Old Louis Colony / Jeremenko / Marshal Jeremenko Colony of the Louis Mine / Vítkovice Coal Mines Colony	373
The “double houses” section of the scheme	373
The “panel houses” segment of the scheme	374
The English Colony – housing scheme for clerical staff of the Vítkovice Ironworks	374
I-Blocks (I-Häuser) – housing scheme for manual and clerical workers of the Vítkovice Ironworks	375

U-Blocks (U-Häuser) – housing scheme for manual and clerical workers of the Vítkovice Ironworks	376
Gable Colony (Giebel Kolonie) – housing scheme for manual workers of the Vítkovice Ironworks	376
Cairo Colony (Kairo Kolonie) – housing scheme for manual workers of the Vítkovice Ironworks	380
Joseph Colony (Josefi Kolonie) – housing scheme for manual workers of the Vítkovice Ironworks	381
Foremen's Colony on Sirotčí Street – housing scheme for manual and clerical workers of the Vítkovice Ironworks	383
Foremen's Colony on Ruská Street – housing scheme for clerical workers of the Vítkovice Ironworks	384
Workers' Bunkhouse – hostel for manual workers of the Vítkovice Ironworks	384
Cadastral area Zábřeh nad Odrou	390
Boat transport	390
Vítkovice works port / Danube–Odra–Labe canal	390
Cadastral area Zábřeh-Hulváky	391
Metallurgy	391
New steelworks and rolling plant, Vítkovice Ironworks / Plant 2, Klement Gottwald Vítkovice Ironworks (VŽKG) / Vítkovice Steel, a. s.	391
New Steelworks / Steelworks I	391
Rolling plant	392
MAP APPENDICES	395
Summary of buildings and sites shown in the map (catalogue items)	395
