Foreword xvii

Preface xxi

About the Book xxv

About the Author xxvii

PART I: OVERVIEW

Chapter 1: Theoretical Foundations for the Establishment of World Health Systems

	3
Section I. Theories of Economic Development	3
1. <i>Classical Political Economics</i>	4
2. <i>Welfare Economics</i>	6
3. <i>Keynesian Economics</i>	9
4. <i>Liberal Economics</i>	10
5. <i>Information and Institutional Economics</i>	12
Section II. Theories of Public Goods	20
1. <i>Concept and Characteristics of Public Goods</i>	20
2. <i>Classification Criteria of Public Goods</i>	22
3. <i>Theoretical Analysis of Public Goods</i>	22
Section III. Theories of Social Equality	25
1. <i>Concept of Equality in Classical Liberalism</i>	25
2. <i>Concept of Equality in Utilitarianism</i>	25
3. <i>Concept of Equality in Rawlsianism</i>	26
4. <i>Concept of Equality in the School of New Public Administration</i>	26
5. <i>Concept of Equality in Marxism</i>	26
Section IV. Theories of Universal Health Coverage	27
1. <i>Proposal of UHC Theory</i>	27
2. <i>Definition and Implications of UHC Theory</i>	28
Section V. Theory of Performance Evaluation for World Health Systems	30
1. <i>Definition of Concepts Related to Performance Evaluation</i>	30
2. <i>Model of Performance Evaluation for Health Systems</i>	31

Chapter 2: World Socioeconomic Development and Health Status	33
Section I. World Socioeconomics and Population Aging	33
1. <i>Economic Crisis and Transformational Development</i>	33
2. <i>Current Status and Trends of World Population Aging</i>	35
3. <i>Impact of Population Aging on Healthcare Costs</i>	38
4. <i>Strategies for Actively Coping with Population Aging</i>	39
Section II. Global Health Status and Current Challenges	43
1. <i>Update on the Concepts of Health</i>	43
2. <i>Comparison of World Health Statuses</i>	47
3. <i>Key Issues in Human Health</i>	50
Section III. Proposing the Concept of Global Health and Its Development	
Trends	55
1. <i>Definition and Evolution of Global Health</i>	55
2. <i>Research Areas Related to Global Health</i>	56
3. <i>Challenges and Opportunities Concerning Global Health</i>	57
Section IV. Exploring the Integration of Healthcare and Prevention	
in Health Insurance	58
1. <i>Gradual Transition from Disease Insurance to Health Insurance</i>	58
2. <i>Strengthening Health Education and Advocating Healthy</i>	
Lifestyles	59
3. <i>Promoting the Capitation System to Enhance Preventive Healthcare</i>	60
Section V. Progress in Medical Technology and Its Impact on	
Healthcare Costs	61
1. <i>Current Status of and Trends in the Development of Medical</i>	
Technology	61
2. <i>Impact of High-Tech Medicine on Healthcare Costs</i>	62
Chapter 3: Health System Structure and Determinants of Health	65
Section I. Structure of Health Systems and Their Relationships	65
1. <i>Goals and Boundaries of Health Systems</i>	65
2. <i>Medical and Health Resources</i>	67
3. <i>Organizations and Institutions</i>	83
4. <i>Economic Support</i>	100
5. <i>Health Management</i>	103
6. <i>Service Provision</i>	111
Section II. Key Factors Influencing Health Systems	115
1. <i>Economic Factors</i>	116
2. <i>Political Factors</i>	117
3. <i>Cultural Factors</i>	121
Section III. Analysis of the Social Determinants of Health	125
1. <i>Conceptual Framework of the Social Determinants of Health</i>	126
2. <i>Policy Values of the Social Determinants of Health</i>	128
Chapter 4: Basic Models and Evaluation of World Health Systems	131
Section I. Two-Dimensional Classification of World Health Systems	131
1. <i>Principal Models of International Health and Social Security Systems</i>	131
2. <i>Selection of System Models for Countries with Different</i>	
Development Levels	133

Section II. System Model of the National Health Service	135
1. <i>National Health Service and General Practitioner System</i>	135
2. <i>The Social Welfare Model of Nordic Countries</i>	139
3. <i>Main Policies and Features of Developing Countries</i>	141
Section III. System Model of Social Health Insurance	144
1. <i>National Health Insurance Systems of Germany and France</i>	144
2. <i>Health System and Insurance in Japan</i>	146
3. <i>Health System and Insurance in South Korea</i>	148
4. <i>Main Policies and Features of Developing Countries</i>	149
Section IV. System Models of Commercial Health Insurance	153
1. <i>Basic Characteristics of the Commercial Health Insurance Model in the US</i>	153
2. <i>Features and Existing Problems of the US Model</i>	155
3. <i>Private Health Insurance in Developing Countries</i>	157
Section V. System Models of Savings-Type Health Insurance	159
1. <i>Establishment of 3M System Policies</i>	159
2. <i>Basic Evaluation of the Singaporean Model</i>	160
Section VI. Other Health Insurance System Models	161
1. <i>Situations in Hong Kong, Macau, and Taiwan</i>	161
2. <i>The 30-Baht Universal Health Insurance Scheme in Thailand</i>	164
Chapter 5: Social Medical Aid System and Its Analysis	169
Section I. Theoretical Foundations of Social Medical Aid Systems	169
1. <i>Theory of Baseline Equality</i>	169
2. <i>Theory of Social Citizenship</i>	170
3. <i>Maslow's Hierarchy of Needs</i>	171
4. <i>Theory of Tertiary Distribution</i>	172
Section II. Major Policies of Social Medical Aid Systems	172
1. <i>Recipients of Medical Aid</i>	172
2. <i>Determining the Eligibility of Medical Aid Recipients</i>	174
3. <i>Methods of Medical Aid</i>	175
4. <i>Funding Sources for Medical Aid</i>	176
5. <i>Treatment Standards for Medical Aid</i>	177
6. <i>Provision of Medical Aid Services</i>	178
Section III. Models and Features of Social Medical Aid Systems	179
1. <i>Models of Social Medical Aid Systems in Developed Countries</i>	179
2. <i>Features of Social Medical Aid Systems in Developed Countries</i>	181
3. <i>Cost Containment for Social Medical Aid Systems in Developed Countries</i>	182
4. <i>Governmental Medical Aid Systems in Developing Countries</i>	185
Chapter 6: Features and Trends of Reforms in World Health Systems	189
Section I. Features of Health System Reforms in Developed Countries and Areas	189
1. <i>Common Features and Trends of Health Economic Policies in Developed Countries and Areas</i>	189
2. <i>Major Health Economic Reforms in Developed Countries and Areas</i>	191
3. <i>Exploration of Private Financing Initiatives</i>	198

Section II. Features and Reform Trends of Health Systems in Developing Countries	201
1. <i>Features and Reforms of Health Systems in Asian Countries</i>	201
2. <i>Features and Reforms of Health Systems in African Countries</i>	204
3. <i>Features and Reforms of Health Systems in European Countries</i>	207
4. <i>Features and Reforms of Health Systems in South American Countries</i>	208

PART II: CHARACTERISTICS OF HEALTH SYSTEMS IN DEVELOPED COUNTRIES AND AREAS

Chapter 7: Overview of Health Systems in Developed Countries and Areas	213
Section I. Status of Health Investment in Developed Countries and Areas	213
Section II. Status of Health Services in Developed Countries and Areas	214
1. <i>Equity in Health Outcomes</i>	214
2. <i>Accessibility of Healthcare Services</i>	215
3. <i>Differences in Health Service Utilization</i>	217
4. <i>Impact of Health Insurance on Health Services</i>	217
Section III. Status of Health Insurance in Developed Countries and Areas	218
1. <i>Health Insurance Systems for Different Income Groups</i>	218
2. <i>Responsibilities of the Government in the Health Insurance System</i>	220
3. <i>Functions of the Health Insurance System</i>	221
Chapter 8: The Role of the Government in the Health Service Markets of Developed Countries and Areas	223
Section I. Healthcare Market Failures and Government Intervention	223
1. <i>Basic Concepts of Healthcare Markets</i>	223
2. <i>Significance of Government Intervention in Healthcare Markets</i>	223
3. <i>Consequences of Government Nonintervention in Healthcare Markets</i>	228
4. <i>Goals and Policy Orientations of Government Intervention in Healthcare Markets</i>	230
5. <i>Failures and Rectifications of Government Intervention</i>	234
Section II. Macro-Level Planning by Governments in Developed Countries and Areas to Strengthen Healthcare Institutions	237
1. <i>Implementation of Regional Healthcare Planning</i>	237
2. <i>Government Intervention in the Formulation of Healthcare Service Contracts via Market Coordination Mechanisms</i>	238
3. <i>Vertical Integration of Healthcare Resources via Clusters</i>	238
Section III. Government Regulation of Human Resources in Developed Countries and Areas	243
1. <i>Regulating the Total Supply of Physicians Based on Healthcare Demand</i>	243
2. <i>Government Efforts and Outcomes in Improving the Regional Imbalances of Physician Supply and Demand</i>	245

Section IV. Government Intervention in Drugs and the Control of Healthcare Quality in Developed Countries and Areas	247
1. <i>Government Intervention in Drugs</i>	247
2. <i>Government Control of Healthcare Quality</i>	248
Section V. Government Measures for Healthcare Cost Containment in Developed Countries and Areas	250
1. <i>Managed Healthcare and Managed Competition</i>	250
2. <i>Hospital Global Budget System</i>	252
3. <i>Regulating the Provision of Elderly Healthcare Services</i>	252
Section VI. Government Measures to Address Health Service Problems in Developed Countries and Areas	253
1. <i>Measures to Address Long Waiting Lists for Inpatient and Outpatient Services</i>	253
2. <i>Introduction of the "Community Healthcare over Inpatient Treatment" Policy</i>	255
3. <i>Adjustments for Reasonable Compensation Policies</i>	256
4. <i>Improving Service Quality by Increasing the Number of Healthcare Workers</i>	256
5. <i>Regulatory Roles in Stabilizing National Healthcare Needs</i>	257
6. <i>Compensation Measures for the Inadequate Supply of Public Health and Basic Healthcare</i>	258
Chapter 9: Basic Drug Administration Policies in Developed Countries and Areas	259
Section I. Government Policies Related to Drug Manufacturing in Developed Countries and Areas	259
1. <i>Stage 1: Market Management and Legal System Improvements</i>	259
2. <i>Stage 2: Reduction of Drug Costs</i>	260
3. <i>Stage 3: Emphasis on Health Economic Benefits</i>	261
Section II. Government Policies Related to Drug Marketing in Developed Countries and Areas	262
1. <i>Price Control on Manufacturers</i>	262
2. <i>Policies for Distributors</i>	265
3. <i>Policies for Pharmacies (or Pharmacists)</i>	265
4. <i>Policies for Hospitals</i>	266
Section III. Drug Reimbursement Policies in Developed Countries and Areas	267
1. <i>Increasing Consumer Copayment of Drug Expenses</i>	267
2. <i>Encouraging Physicians to Prescribe Cheaper Drugs</i>	267
3. <i>Strict Control Over Manufacturers</i>	269
Section IV. Policies for Essential Medicines in Developed Countries and Areas	270
1. <i>Conceptual Development and Impact of Essential Medicines</i>	270
2. <i>Selection and Utilization of Essential Medicines in Developed Countries and Areas</i>	272
Section V. Separation of Prescribing and Dispensing Policies and Relevant Insights in Developed Countries and Areas	275
1. <i>Conceptual Definition of the Separation of Prescribing and Dispensing</i>	275
2. <i>Rationale and Policy Implementation of the Separation of Prescribing and Dispensing in Western Developed Countries</i>	276

3. Reforms and Evaluation of the Separation of Prescribing and Dispensing in Asian Developed Countries and Areas	280
4. Value of and Insights for the Separation of Prescribing and Dispensing in China	284

Chapter 10: Models and Policies of Healthcare Cost Containment in Developed Countries and Areas **287**

Section I. Background of Healthcare Cost Containment in Developed Countries and Areas	287
1. Changes in Healthcare Costs in Developed Countries and Areas	287
2. Causes of the Rapid Growth of Healthcare Costs	288
3. Three Stages in the Economic Model of Health Service Development	290
Section II. Main Measures of Healthcare Cost Containment in Developed Countries and Areas	292
1. Strict Control over the Allocation of Large Medical Equipment	292
2. Establishing Healthcare Cost-Sharing Mechanisms	293
3. Strengthening the Management of Healthcare Services	293
4. Implementing a Global Budget System	294
Section III. Comparison of Models for Healthcare Cost Containment in Developed Countries and Areas	295
1. Five Models of Healthcare Cost Containment	295
2. Comparison of Models for Healthcare Cost Containment and Conclusions	297
Section IV. Policies of Healthcare Cost Containment and Their Trends in Developed Countries and Areas	298
1. Policies of Healthcare Cost Containment in Developed Countries and Areas	298
2. Future Trends and Directions	299

PART III: HEALTH SYSTEMS IN DEVELOPED COUNTRIES AND AREAS

Chapter 11: National Health Service Systems of Representative Countries **305**

Section I. The Health System in the United Kingdom	305
1. Establishment of the National Health Service	307
2. Developments and Changes in the NHS Management System	309
3. NHS Funding	314
4. Community Health Services	316
5. Hospital Services	324
6. Other Healthcare Services	327
7. Settlement of Medical Disputes	329
8. NHS Reforms and Future Policies	334
Section II. The Health System in Canada	338
1. Establishment and Development of the Health System	339
2. Healthcare Providers	345
3. Current Status and Future Trends in Health Insurance	349

4. Management of Health Insurance	357
5. Trends in Healthcare Expenditure and Containment Policies	362
Section III. The Health System in Australia	369
1. National Health Status and Current Challenges	370
2. Health Service System	374
3. Universal Health Insurance System	385
4. Commercial Health Insurance	392
5. Reforms in Healthcare Services and Payment Systems	396
6. Plans for a New Round of Healthcare Reforms	399
Section IV. The Health System in Sweden	405
1. Healthcare Provision System	406
2. Health Insurance System	410
3. Formulation and Value Orientation of Health Policies	414
4. Healthcare Cost-Containment Policies	416
5. Difficulties in the Healthcare System and Reform Attempts	419
6. The Path of Swedish Health System Reforms in the Twenty-First Century	429
Chapter 12: Social Health Insurance Systems of Representative Countries	431
Section I. The Health System in Germany	431
1. Health Service System	432
2. Health Insurance System	445
3. Health Insurance Operations	447
4. Current Status and Future Trends of Health Insurance Policy	453
5. Health Reforms in the Twenty-First Century	458
6. Health Insurance System Reforms by the Grand Coalition Government	460
Section II. The Health System in France	462
1. Health Service System	462
2. Healthcare Practitioners and Mobility	471
3. Health System Reforms	476
4. Health Insurance System	478
5. Health Insurance Issues and Reforms	496
6. Healthcare Cost-Containment Policies	501
Section III. The Health System in Japan	507
1. Health System	510
2. Health System Issues and Reforms	517
3. Health Insurance System	522
4. Framework of the Long-Term Care Insurance System	532
5. Healthcare Cost-Containment Policies	535
Section IV. The Health System in Poland	540
1. Overview of Socioeconomic Development	540
2. Health Service System	543
3. Health Insurance System	557
4. Reforms to the Health System and Social Security Planning	566

Chapter 13: Commercial Health Insurance and Medical Savings Account Systems of Representative Countries	569
Section I. The Commercial Health Insurance System in the United States	569
1. <i>Healthcare Institutions</i>	570
2. <i>Healthcare Workforce</i>	575
3. <i>Health Insurance System</i>	578
4. <i>Medicare</i>	581
5. <i>Medicaid for Low-Income Earners</i>	597
6. <i>Healthcare Cost-containment Policies</i>	607
7. <i>Plan and Progress of Obamacare</i>	615
Section II. The Medical Savings Account System in Singapore	620
1. <i>Healthcare System</i>	620
2. <i>Reforms of the Public Hospital System</i>	636
3. <i>Health Security and Health Insurance</i>	643
4. <i>Healthcare Funding Policies</i>	651
5. <i>Healthcare Cost-Containment Mechanisms</i>	660
Chapter 14: Improved Health Systems in Hong Kong and Taiwan	665
Section I. The Health System in Hong Kong	665
1. <i>Health System</i>	667
2. <i>Reforms in Public Hospital Management</i>	674
3. <i>New Development Ideas of the Hospital Authority</i>	678
4. <i>Health Security System</i>	681
5. <i>Hong Kong's Health System Reforms in the Twenty-First Century</i>	687
Section II. The Health System in Taiwan	690
1. <i>Overview and Features of the Health System</i>	690
2. <i>National Health Insurance (NHI)</i>	694
3. <i>Point-for-Service Global Budget Payment System</i>	706
4. <i>Drug Administration System</i>	709
5. <i>Challenges Facing the Health System in Taiwan</i>	712
PART IV: CHARACTERISTICS OF HEALTH SYSTEMS IN DEVELOPING COUNTRIES	
Chapter 15: Definition of Developing Countries and Challenges in Health Systems	717
Section I. Definition and Structural Formation of Developing Countries	717
1. <i>Concept and Definition of Developing Countries</i>	717
2. <i>Social Formation and Structure of Developing Countries</i>	719
3. <i>Proposal of Representative Countries and Its Implications</i>	721
Section II. Health Systems and Health Statuses of Developing Countries	722
1. <i>Exploration of Universal Health Security Systems</i>	722
2. <i>Transition of Health Statuses in Developing Countries</i>	723
Section III. Challenges of Health Systems in Developing Countries	726
1. <i>Inadequacies in Overall Health Resources</i>	726
2. <i>Poor Implementation of Health System Reforms</i>	726
3. <i>Uneven Distribution of Health Statuses and Human Resources</i>	727

4. <i>Low Willingness to Invest in Adult Healthcare</i>	727
5. <i>Low Input into Health Research</i>	728
6. <i>Overdependence on Aid May Weaken the Government's Sense of Responsibility Toward National Health</i>	728
Chapter 16: Comparison of Healthcare and Social Security Systems in BRICS Countries	729
Section I. Comparison of Socioeconomics and Health Resources in BRICS Countries	729
1. <i>Origin of BRICS Countries</i>	729
2. <i>Health Resources of BRICS Countries</i>	730
Section II. Comparison of Health Insurance Systems in BRICS Countries	732
1. <i>Establishment of Universal Healthcare Security Systems</i>	732
2. <i>Encouraging the Development of Private Healthcare Institutions and Commercial Health Insurance</i>	734
3. <i>Emphasis on the Construction of Primary Healthcare Services</i>	735
Section III. Comparison of Health Systems in BRICS Countries	737
1. <i>From Models of Centralized Government Management to Commercial Fund Management</i>	737
2. <i>"Super-Ministry System" Bureaucratic Management</i>	738
3. <i>Multipronged Management</i>	739
Section IV. Performance Evaluation of Health Systems in BRICS Countries	740
1. <i>Differences in Health System Reforms</i>	740
2. <i>Comparison of Health System Performances</i>	746
Chapter 17: Insights from Health System Reforms in Developing Countries	747
Section I. Common Challenges in the Development of Health Systems	747
1. <i>Limited Funding Sources and Insufficient Investment</i>	747
2. <i>Imbalances in Regional and Vertical Resource Allocation</i>	747
3. <i>Lack of Incentive and Restraint Mechanisms in Public Healthcare Institutions</i>	748
4. <i>Lagging in the Funding and Payment of Health Insurance</i>	748
5. <i>Ineffective Use of Health Insurance Funds</i>	750
6. <i>Inadequate Efficiency and Capacity of Health Insurance Management</i>	750
Section II. Key Issues Facing the Health System in China	751
1. <i>Equality – The Coexistence of Wastage and Shortage of Healthcare Resources</i>	751
2. <i>Accessibility – Deviations in Service Focus and Technology Orientation</i>	752
3. <i>Coordination – The Decentralization and Fragmentation of Different Healthcare Resources</i>	752
4. <i>Marginalized Groups and Blind Spots in Social Insurance Coverage</i>	753
5. <i>Increased Healthcare Demand and Inadequate Health Security</i>	753
6. <i>Flaws in Management Capacity and Institutional Design</i>	754

Section III. Experiences and Insights from Health System Reforms in Developing Countries	757
1. System Planning – Optimized Integration of Health Resource Allocation	757
2. Primary Care – Fully Utilizing the Role of Family Physicians	757
3. Nongovernmental Healthcare Institutions – Guiding the Development of Private Healthcare Institutions	758
4. Policy Orientation – Emphasis on Equality and Supporting Vulnerable Groups	759
5. System Design – Payment System Reforms and Fund Supervision	760
6. Sustainable Funding – Advocating a Multichannel Model of Increasing Revenue and Reducing Expenditure	761

PART V: HEALTH SYSTEMS IN DEVELOPING COUNTRIES

Chapter 18: Health Systems in Seven Asian Countries	765
Section I. The Health System in China	765
1. Overview of Socioeconomics and National Health	765
2. Healthcare System	767
3. Health Security System	773
4. Progress of Health System Reforms	788
Section II. The Health System in India	794
1. Overview of Socioeconomics and National Health	794
2. Healthcare Organizations and Regulatory Systems	796
3. Healthcare Funding and Payment Systems	801
4. Health System Reforms	816
5. Outcomes, Characteristics, and Challenges	818
Section III. The Health System in Thailand	819
1. Overview of Socioeconomics and National Health	819
2. Healthcare System	820
3. Health Insurance System	822
4. Health System Reforms and Evaluation	824
Section IV. The Health System in Vietnam	831
1. Overview of Socioeconomics and National Health	831
2. Healthcare System	832
3. Health Insurance System	834
4. Health System Reforms and Evaluation	836
Section V. Health System in the Philippines	846
1. Overview of Socioeconomics and National Health	846
2. Healthcare System	847
3. Health Security System	850
4. Issues and Development Trends in Health System Reforms	860
Section VI. The Health System in Armenia	864
1. Overview of Socioeconomics and National Health	864
2. Healthcare System	865
3. Healthcare Funding	869
4. Health System Reforms	871
Section VII. The Health System in Kyrgyzstan	874
1. Overview of Socioeconomics and National Health	874
2. Healthcare System	875

3. <i>Healthcare Funding and Expenditure</i>	878
4. <i>Health System Reforms</i>	882
Chapter 19: Health Systems in Three African Countries	889
Section I. The Health System in South Africa	889
1. <i>Overview of Socioeconomics and National Health</i>	889
2. <i>Healthcare System</i>	892
3. <i>Health Security System</i>	893
4. <i>Status of Healthcare Funding</i>	896
5. <i>Health System Reforms</i>	898
Section II. The Health System in Egypt	904
1. <i>Overview of Socioeconomics and National Health</i>	904
2. <i>Healthcare System and Structure</i>	904
3. <i>Health System Reforms and Prospects</i>	905
Section III. The Health System in Morocco	908
1. <i>Overview of Socioeconomics and National Health</i>	908
2. <i>Healthcare System</i>	908
3. <i>Difficulties in Health Industry Development</i>	910
Chapter 20: Health Systems in Four Selected European Countries	913
Section I. The Health System in Russia	913
1. <i>Overview of Socioeconomics and National Health</i>	913
2. <i>Healthcare System</i>	914
3. <i>Health Insurance System</i>	918
4. <i>Healthcare Funding System and Financial Allocation</i>	936
5. <i>Health System Reforms</i>	948
Section II. The Health System in Hungary	951
1. <i>Overview of Socioeconomics and National Health</i>	951
2. <i>Healthcare System</i>	952
3. <i>Reform Changes and Characteristics of the Healthcare System</i>	960
4. <i>Existing Issues and Development Trends in the Healthcare System</i>	962
Section III. The Health System in the Czech Republic	965
1. <i>Overview of Socioeconomics and National Health</i>	965
2. <i>Healthcare Organizations and the Regulatory System</i>	966
3. <i>Healthcare Funding and Universal Social Health Insurance</i>	969
4. <i>Trends in Health System Reforms</i>	977
Section IV. The Health System in Bulgaria	981
1. <i>Overview of Socioeconomics and National Health</i>	981
2. <i>Healthcare System</i>	983
3. <i>Healthcare Resource Allocation</i>	991
4. <i>Healthcare Funding Mechanism</i>	994
5. <i>Characteristics and Direction of Health System Reforms</i>	997
Chapter 21: Health Systems in Four American Countries	1001
Section I. The Health System in Brazil	1001
1. <i>Overview of Socioeconomics and National Health</i>	1001
2. <i>Healthcare System</i>	1004
3. <i>Status of Rural and Primary Healthcare</i>	1008
4. <i>Health Insurance System and Financing</i>	1010
5. <i>Challenges and Reforms</i>	1012

Section II. The Health System in Cuba	1015
1. Overview of Socioeconomics and National Health	1015
2. Establishment and Development of the Health System	1016
3. Healthcare Delivery and Regulatory Systems	1019
4. Healthcare Funding System	1031
5. Healthcare Development and Reform Experiences	1033
Section III. The Health System in Chile	1039
1. Overview of Socioeconomics and National Health	1039
2. Healthcare System	1040
3. Analysis of the Health Insurance System	1046
4. Evaluation and Summary of the Health System	1049
Section IV. The Health System in Mexico	1053
1. Overview of Socioeconomics and National Health	1053
2. Historical Evolution of the Health System	1054
3. Healthcare Organizations and Service System	1059
4. Health Security Financing and Allocation Mechanism	1062
Afterword	1069
Bibliography	1071
Index	1099
