Brief Contents

PART I Principles, Measurements, and the Health–Development Link 1

- Chapter 1** The Principles and Goals of Global Health 3
- Chapter 2** Health Determinants, Measurements, and the Status of Health Globally 19
- Chapter 3** The Global Burden of Disease 33
- Chapter 4** Health, Education, Equity, and the Economy 73

PART II Cross-Cutting Global Health Themes 93

- Chapter 5** Ethical and Human Rights Concerns in Global Health 95
- Chapter 6** An Introduction to Health Systems 117
- Chapter 7** Culture and Health 165

PART III The Burden of Disease 187

- Chapter 8** The Environment and Health ... 189
- Chapter 9** Nutrition and Global Health ... 219

- Chapter 10** Women’s Health 261
- Chapter 11** The Health of Young Children .. 293
- Chapter 12** The Health of Adolescents and Young Adults 331
- Chapter 13** Communicable Diseases..... 351
- Chapter 14** Noncommunicable Diseases and Mental Disorders..... 407
- Chapter 15** Injuries 451

PART IV Working Together to Improve Global Health 471

- Chapter 16** Natural Disasters and Complex Humanitarian Emergencies.... 473
- Chapter 17** Working Together to Improve Global Health..... 497
- Chapter 18** Science, Technology, and Global Health 527
- Chapter 19** Intersectoral Approaches to Enabling Better Health 547
- Glossary** 559
- Index**..... 567

| The Essential Public Health Series | x |
| Foreword | xiii |
| Editor's Preface | xv |
| Author's Preface | xvii |
| About the Text | xix |
| Acknowledgments | xxxii |
| About the Author | xxxiii |
| Abbreviations | xxxv |

PART I Principles, Measurements, and the Health–Development Link **1**

| | |
|--|----------|
| Chapter 1 The Principles and Goals of Global Health | 3 |
| Vignettes | 3 |
| Why Study Global Health? | 4 |
| Health, Public Health, and Global Health | 7 |
| One Health and Planetary Health | 9 |
| Critical Global Health Concepts | 9 |
| The Organization of Data in This Text | 10 |
| The Sustainable Development Goals | 12 |
| Case Study: Smallpox Eradication— The Most Famous Success Story | 13 |
| Central Messages of This Text | 15 |

Chapter 2 Health Determinants, Measurements, and the Status of Health Globally **19** |

| | |
|---|----|
| Vignettes | 19 |
| The Importance of Measuring Health Status | 20 |
| The Determinants and Social Determinants of Health | 20 |
| Key Health Indicators | 23 |
| Vital Registration | 30 |
| Main Messages | 31 |

Chapter 3 The Global Burden of Disease **33** |

| | |
|--|----|
| Vignettes | 33 |
| Measuring the Burden of Disease | 34 |
| Burden of Disease Data | 38 |
| The Burden of Deaths and Disease Within Countries | 55 |
| Risk Factors | 55 |
| Demography and Health | 56 |
| Progress in Health Status | 65 |
| The Burden of Disease: Looking Forward | 66 |
| The Development Challenge of Improving Health | 66 |
| Case Study | 68 |
| Main Messages | 69 |

**Chapter 4 Health, Education, Equity,
and the Economy..... 73**

| | |
|---|----|
| Vignettes | 73 |
| Introduction..... | 74 |
| Health, Education, Productivity, and Poverty | 74 |
| Health Disparities..... | 76 |
| Health Expenditure and Health Outcomes | 81 |
| Public and Private Expenditure on Health | 82 |
| The Cost-Effectiveness of Health Interventions..... | 83 |
| Cost-Benefit Analysis..... | 85 |
| Health and Development..... | 85 |
| Case Studies | 86 |
| Main Messages | 89 |

**PART II Cross-Cutting Global Health
Themes 93****Chapter 5 Ethical and Human Rights
Concerns in Global Health 95**

| | |
|--|-----|
| Vignettes | 95 |
| The Importance of Ethical and Human Rights Issues in Global Health..... | 96 |
| The Foundations for Health and Human Rights..... | 96 |
| Selected Human Rights Issues | 98 |
| Research with Human Subjects | 100 |
| Research Ethics Guidelines..... | 102 |
| Evaluating the Ethics of Human Subjects Research | 103 |
| Ethical Issues in Making Investment Choices in Health | 107 |
| Case Studies..... | 110 |
| Challenges for the Future | 112 |

**Chapter 6 An Introduction to Health
Systems..... 117**

| | |
|--|-----|
| Vignettes | 117 |
| Introduction..... | 118 |
| What Is a Health System? | 118 |
| The Functions of a Health System..... | 120 |
| How Are Health Services Organized?..... | 123 |
| The Roles of the Public, Private, and NGO Sectors | 127 |

| | |
|--|-----|
| Health Sector Expenditure | 129 |
| The Quest for Universal Health Coverage..... | 131 |
| Selected Examples of Health Systems..... | 133 |
| Key Health Sector Issues | 137 |
| Addressing Key Health Sector Concerns..... | 141 |
| Case Studies..... | 145 |
| Main Messages | 157 |

Chapter 7 Culture and Health 165

| | |
|--|-----|
| Vignettes | 165 |
| The Importance of Culture to Health | 166 |
| The Concept of Culture | 167 |
| Other Key Concepts and Definitions | 168 |
| Health Beliefs and Practices..... | 169 |
| Health Behaviors and Behavior Change | 172 |
| Understanding and Engendering Behavior Change | 174 |
| Social Assessment | 177 |
| Case Studies..... | 179 |
| Main Messages | 184 |

PART III The Burden of Disease 187**Chapter 8 The Environment and Health ... 189**

| | |
|--|-----|
| Vignettes | 189 |
| The Importance of Environmental Health | 190 |
| Key Concepts..... | 190 |
| Key Environmental Health Burdens | 193 |
| The Burden of Environmentally Related Diseases..... | 196 |
| The Costs and Consequences of Key Environmental Health Problems | 200 |
| Reducing the Burden of Disease | 200 |
| Case Studies..... | 208 |
| Future Challenges | 214 |
| Main Messages | 216 |

Chapter 9 Nutrition and Global Health 219

| | |
|-----------------------------------|-----|
| Vignettes | 219 |
| The Importance of Nutrition | 220 |
| Definitions and Key Terms | 221 |
| Data on Nutrition..... | 222 |

The Determinants of Nutritional Status..... 223
 Gauging Nutritional Status..... 226
 Key Nutritional Needs..... 228
 Overweight and Obesity..... 230
 Nutritional Needs Throughout the Life Course 231
 The Nutritional State of the World..... 232
 Nutrition, Health, and Economic Development 238
 Case Studies 240
 Addressing Future Nutrition Challenges..... 244
 Main Messages 251

Chapter 10 Women’s Health 261

Vignettes 261
 The Importance of Women’s Health..... 262
 Key Definitions 264
 The Determinants of Women’s Health..... 264
 The Burden of Health Conditions for Females 266
 Leading Causes of Death and DALYs, Males and Females Compared 269
 Selected Health Burdens for Females..... 273
 The Costs and Consequences of Women’s Health Problems..... 279
 Case Studies..... 279
 Addressing Future Challenges 281
 Further Measures to Enhance the Health of Women..... 283
 Main Messages 286

Chapter 11 The Health of Young Children .. 293

Vignettes 293
 The Importance of Child Health..... 294
 Key Terms 296
 Note on Data 296
 Mortality and the Burden of Disease 296
 Risk Factors for Neonatal, Infant, and Young Child Deaths 307
 The Costs and Consequences of Child Morbidity and Mortality 308
 Immunization: A Best Buy in Global Health..... 309
 Case Studies..... 314
 Addressing Key Challenges in Child Health..... 318
 Main Messages 324

Chapter 12 The Health of Adolescents and Young Adults 331

Vignettes 331
 Key Terms and Definitions 332
 The Importance of the Health of Adolescents and Young Adults 332
 Data on the Health of Adolescents and Young Adults..... 333
 Adolescence and Young Adulthood as Transitional and Critical Periods 333
 Key Health Burdens of Adolescents and Young Adults..... 333
 Economic and Social Consequences of Health Issues Among Adolescents and Young Adults 343
 Case Study 344
 Improving the Health of Adolescents and Young Adults in Low- and Middle-Income Countries.. 344
 Main Messages 348

Chapter 13 Communicable Diseases..... 351

Vignettes 351
 The Importance of Communicable Diseases 352
 Key Terms, Definitions, and Concepts 353
 Note on the Use of Data in This Chapter..... 354
 The Burden of Communicable Diseases..... 354
 The Costs and Consequences of Communicable Diseases..... 357
 The Leading Burdens of Communicable Diseases..... 357
 Case Studies..... 391
 Additional Comments on Future Challenges to the Control of Communicable Diseases 397
 Main Messages 399

Chapter 14 Noncommunicable Diseases and Mental Disorders..... 407

Vignettes 407
 Key Definitions 408
 The Importance of Noncommunicable Diseases... 408
 A Note on Data..... 409
 The Burden of Noncommunicable Diseases..... 409
 The Costs and Consequences of Noncommunicable Diseases, Mental Health Disorders, Tobacco Use, and Alcohol Use..... 424

Addressing the Burden of Noncommunicable Diseases..... 426

Additional Comments on Addressing Key Risk Factors for CVD, COPD, and Diabetes 427

Additional Comments on Addressing Diabetes, Cancer, Mental Health, and Vision and Hearing Loss 434

Case Studies..... 440

Future Challenges of Preventing and Addressing NCDs and Mental Disorders..... 445

Main Messages 445

Chapter 15 Injuries 451

Vignettes 451

The Importance of Injuries..... 452

Key Definitions 452

The Burden of Injuries 453

Injury in Children, Adolescents, and Young Adults 460

Risk Factors for Injuries..... 460

The Costs and Consequences of Injuries 462

Addressing Key Injury Issues 462

Emergency Medical Services..... 466

Case Study 466

Future Challenges 467

Main Messages 468

PART IV Working Together to Improve Global Health 471

Chapter 16 Natural Disasters and Complex Humanitarian Emergencies. . . . 473

Vignettes 473

The Importance of Natural Disasters and Complex Emergencies to Global Health..... 474

Key Terms 474

The Characteristics of Natural Disasters..... 478

The Characteristics of Complex Emergencies..... 478

The Health Burden of Natural Disasters..... 479

The Health Effects of Complex Humanitarian Emergencies 480

Addressing the Health Effects of Natural Disasters..... 482

Addressing the Health Effects of Complex Humanitarian Emergencies 483

Coordination of International Emergency Responses..... 485

Case Studies..... 486

Future Challenges in Meeting the Health Needs of Complex Humanitarian Emergencies and Natural Disasters..... 491

Main Messages 491

Chapter 17 Working Together to Improve Global Health..... 497

Vignettes 497

Introduction..... 498

Cooperating to Improve Global Health..... 498

Key Actors in Global Health 499

Trends in Global Health Efforts 514

Setting the Global Health Agenda 516

Case Studies..... 517

Future Challenges to Cooperation in Global Health..... 520

Main Messages 521

Chapter 18 Science, Technology, and Global Health 527

Vignettes 527

Introduction..... 528

The Need for New Products..... 528

The Potential of Science and Technology..... 530

Constraints to Applying Science and Technology to Global Health Problems 532

Enhancing New Product Development 534

Case Studies 536

Main Messages 543

Chapter 19 Intersectoral Approaches to Enabling Better Health 547

Vignettes 547

Reviewing the Determinants of Health 548

The Role of Intersectoral Approaches in Addressing the Determinants of Health and Health Risk Factors 551

Policy and Program Approaches to Addressing Intersectoral Issues 553

Main Messages 555

Glossary 559**Index 567****BONUS CHAPTERS IN THE COMPANION EBOOK****Chapter 20 Working in Global Health****Chapter 21 Profiles of Global Health Actors**
