

JOE COCKER - SHEFFIELD STEEL

LOOK WHAT YOU'VE DONE 4:14 Leo Nocentelli

I don't need no one to make my bed
I don't need no one to rub my head
I don't need no one to do me wrong
I don't need no one to sing my song
When you left me it was for the last time
When you left me I was in a bad state of mind
I couldn't think, I couldn't drink, I couldn't eat
It's been four whole days, I haven't had no sleep

Baby, baby look what you done
Baby, baby look what you done
I don't need no one just keeping me down
I don't need nobody just making a sound
I don't need no one to make me feel bad
I don't need nobody just making me sad

You make me feel that there ain't no point in living
You make me feel there's no reason for forgiving
You make me feel like I'm mad with the world
I can't even think of calling another girl

Baby, baby look what you done
Baby, baby look what you done
You make me feel like there's no point in living
You make me feel like there's no reason for forgiving
You make me feel I'm mad with the world
I can't even think of balling another girl

Baby, baby look what you done
Baby, baby look what you done

SHOCKED 3:13 Ira Ingber/Gregg Sutton

I had no warning, came this morning
Don't believe what I see
An empty bed and a note that read
You got new company

I was shocked when you left
Cut to the quick
Shocked when you said that it's over now
I still remember how you made that final vow

Now I was blown up, I picked my phone up
Operator said to me
Save your dime, there's nobody on the line
Call back later if you please

I was shocked when you left
Cut to the quick
Shocked when you said that it's over now
I remember how you made that final vow
I've been told there's a thorn in every rose
I've been told there's a thorn in every rose
I sure found out, girl I found out

I remember when I met you
And you wouldn't let me see
What you wrote down now it's going round
Well the news came secretly

I was shocked when you left
Cut down to the quick
Shocked when you said it's over now
I still remember how you made that final vow
Cause I was shocked

SWEET LITTLE WOMAN 4:01 Andy Fraser

I never had no one who would worry about me
Until the day you came walking in my life
I never had no one worry about my needs
Till you came and threw aside my shabby clothes
I never realized how beautiful love could be
Till the day you came walking in my home

Sweet little woman you're turning me on
Sweet little woman rock me all the night long
Sweet little woman lead me into Paradise
Sweet little woman keep turning me on
Sweet little woman rocking me all the night long
Sweet little woman, lead me into Paradise

I never knew that life wears such a happy face
Since you came I've not shed a single tear
I never knew the world ever could be so good
Since the day all my clouds have disappeared

Sweet little woman you're turning me on
Sweet little woman rockin me all the night long
Sweet little woman, lead me into Paradise
Sweet little woman, keep turning me on
Sweet little woman rocking me all the night long
Sweet little woman, lead me into Paradise

Sweet little woman you're driving me mad
Sweet little woman your loving's so bad
Sweet little woman, lead me into Paradise

SEVEN DAYS 5:23 Bob Dylan

Seven days
Seven more days she'll be coming
I'll be waiting at the station
For her to arrive
Seven more days all I gotta do is survive

She's been gone
Ever since I seen her smile
Ever since I been a child
I still remember her eyes
She had a smile that could outshine the sun in the skies

There's kissing in the valley
Thieving in the alley
Fighting every inch of the way
Trying to be tender with somebody I remember
In a night that's always brighter than the day

Seven days
Seven more days we'll be connected
Just like I expected
She's coming in on the Fourth
My beautiful comrade from the North

I been good
I been good while I've been waiting
Maybe guilty of hesitating
I just keep holding on
Seven more days and all of that'll be gone
There's kissing in the valley
Thieving in the alley
Fighting every inch of the way
Trying to be tender with somebody I

remember
In a night that's always brighter than the day

Seven days
Seven more days she'll be coming
I'll be waiting at the station
For that girl to arrive
Seven more days all I gotta do is survive

MARIE 2:34 Randy Newman

You looked like a princess on the night we met
With your hair piled up high
I will never forget
I'm drunk now baby
But I've got to be
I never could tell you
What you mean to me

But I loved you the first time I saw you
And I'll always love you Marie
I loved you the first time I saw you
And I always will love you Marie

The song that the trees sing when the wind blows
You're a flower, a river, you're a rainbow
I'm weak and I'm lazy but I guess you know
And I never listen to a word you say
And when you're in trouble I turn away

But I loved you the first time I saw you
And I'll always love you Marie
I loved you the first time I saw you
And I'll always love you Marie

RUBY LEE 4:24 Bill Withers/Melvin Dunlap

Staring at shadows on the wall
Wish I knew there was someone I could call
Someone who might understand it all
Ruby Lee... sure wish you were here with me

Someone lying with me in my bed
Some stranger who don't understand my head
Wish it was you lying here instead
Ruby Lee... sure wish you were here with me

Drowning in a sea of pretty faces
Being quite the man about the town
Packing up and going pretty places
But I sure miss you around

Listen to the noises in the hall
Think I might move out of here in the Fall
Ain't exactly having me a ball
Ruby Lee, sure wish you were here with me

Drowning in a sea of pretty faces
Being quite the man about the town
Packing up and going pretty places
But I sure miss you around

Listen to the noises down the hall
Wishing there was someone I could call
Ain't exactly having me a ball
Ruby Lee, sure wish you were here with me

MANY RIVERS TO CROSS 3:43 Jimmy Cliff

Many rivers to cross
But I can't seem to find my way over
Wandering I am lost
As I travel along the white cliffs of Dover

Many rivers to cross
And it's only my will that keeps me alive
I've been ripped, washed up for years
And I merely survive because of my pride
And this loneliness won't leave me alone
It's such a drag to be on your own
My woman left me but she wouldn't say why
Guess I'll just break right down and cry

Many rivers to cross
But just where to begin
I'm playing for time
There've been times I find myself
Thinking of committing some terrible crime

Sure this loneliness won't leave me alone
It's such a drag to be on your own
My girl left me but she wouldn't say why
Guess I'll break right down and cry

Many rivers to cross
But I can't seem to find my way over
Wandering I am lost
As I travel along the white cliffs of Dover
Many rivers to cross
And it's only my will that keeps me alive
I've been ripped, washed up for years
And I merely survive because of my pride

SO GOOD, SO RIGHT 2:33 Brenda Russell

We're on the shores of nowhere looking out to sea
I turn to kiss your face and you laugh at me, you laugh at me
How do I feel well I feel like praying, feel like singing
Feel so good, so right, to be with you tonight

So good, so right, be with you tonight
So good, so right, be with you tonight
There is no space between the ocean you and me
Exchanging life-force as we live and breathe, together we'll be
How do I feel, well I feel like being, feel like singing, feel so good, so right
Just to be with you tonight

So good, so right, be with you tonight
So good, so right, be with you tonight
How do I feel well I feel like praying, feel like saying,
Feel so good, so right
To be with you tonight

So good, so right, be with you tonight
So good, so right, be with you tonight

TALKING BACK TO THE NIGHT 4:49 Steve Winwood/Will Jennings

High above the heat of a summer New York street
An out of work musician plays a solo saxophone
And he's preaching and he's teaching
And he stands up all alone
Stranded in the dark of a vision in a park
A poet in his madness tries to start another line
And he's losing and he's using
And he says he's doing fine

And they look from such a height
Somehow it's alright
They're talking back to the night
It's all that they can do
Talking back to the night
Somehow they make it through
If you listen you can hear them
Their voices draw you near them

They're talking back to the night for you
Something seems to take every dime a man can make
His dream keeps getting smaller and he wonders where to turn
And he's trying hard to make it
And he's trying not to burn

And they look from such a height
But somehow it's alright
They're talking back to the night
It's all that they can do
Talking back to the night
It's how they make it through
Talking back to the night

JUST LIKE ALWAYS 3:25 Jimmy Webb

Every year when this day rolls around
I think of the night we both tore up the town
And I wonder if you're laughing with your eyes glowing
Making pretty conversation where the wine's flowing
And running and playing just like always

Every day at least one time
I picture your face in the back of my mind
Smiling at the ocean with your eyes shining
Your hair's a red river and it's all mine
You're a thousand days, just like always

Maybe someday I really will forget
Maybe start to live again a life without regret
Funny isn't it, but the man ain't laughing yet

Does love really last forever
Does the ocean miss the sunset everytime

I pass your street, I look both ways
So incomplete
And I think that I might see you
Lord knows I won't
I wish that you would call me
But I know you won't
But I love you anyway
Just like always
Just like always
Just like always
