10	Introduction: Questioning 'Globalization'	331			
	What in the world is going on?	- 1			
	Conflicting perspectives on 'globalization'	4			
	Grounding 'globalization': geography really does matter	6			
PA	RT ONE THE SHIFTING CONTOURS OF THE				
	GLOBAL ECONOMY	11			
2	Global Shift: Changing Geographies of the Global Economy	13			
	What's new? The imprint of past geographies	14			
	Roller-coasters and interconnections	16			
	The changing contours of the global economic map:				
	global shifts in production, trade and FDI	24			
	The dynamic global economic map	47			
PA	RTTWO PROCESSES OF GLOBAL SHIFT	49			
3	Tangled Webs: Unravelling Complexity in the Global Economy	51			
	An analytical point of entry	51			
	Institutional macro-structures of the global economy	54			
	Global production networks	56			
	Even in a globalizing world, economic activities are				
	geographically localized	69			
	Networks of networks	71			
4	Technological Change: 'Gales of Creative Destruction'	75			
	Technology and economic transformation	76			
	Processes of technological change: an evolutionary perspective	76			
	Time-space shrinking technologies	81			

The role of the State and processes and processes and processes along the set of the set

Production costs and technology has largely to algorithm and the solutions of the rate of the sequences and technology has largely and the sequences are solutions and the sequences are sequenced as the sequences are sequences are sequences as the sequences are sequences as the s

Post Stanzard of the Global Economy

	Technological innovations in products and processes	97
	Geographies of innovation	102
5	Transnational Corporations: The Primary 'Movers and	
	Shapers' of the Global Economy	109
	Why firms transnationalize	110
	How firms transnationalize	116
	TNCs as 'networks within networks'	121
	Configuring the TNCs' internal networks	127
	TNCs within networks of externalized relationships	144
	Perpetual change: reshaping TNCs' internal and external networks	158
	The myth of the 'global' corporation	162
6	The State Really Does Matter	169
767	'The state is dead' – oh no it isn't!	170
	States as containers	172
	States as containers States as regulators	178
	States as competitors	199
	States as collaborators	202
7	The Uneasy Relationship between TNCs and States:	
0	Dynamics of Conflict and Collaboration	221
	The ties that bind	221
	Bargaining processes between TNCs and states	225
	Dargaining processes between mos and states	220
PA	RTTHREE THE PICTURE IN DIFFERENT ECONOMIC	1
	SECTORS	241
8	'Making Holes in the Ground': The Extractive Industries	243
	Beginning at the beginning	243
	Production circuits in the extractive industries	245
	Global shifts in the extractive industries	247
	Volatile demand	251
	Technologies of exploring, extracting, refining, distributing	253
	The centrality of state involvement in the extractive industries	255
	Corporate strategies in the extractive industries	260
	Resources, reserves and futures	266
9	'We Are What We Eat': The Agro-Food Industries	270
	Transformation of the food economy: the 'local' becomes 'global'	270
	Agro-food production circuits	272
	Global shifts in the agro-food industries	275
	Consumer choices – and consumer resistances	279
	Transforming technologies in agro-food production	282

enjedlonnost griefninde sosqë-emiT

	The role of the state Corporate strategies in the agro-food industries	285
10	'Fabric-ating Fashion': The Clothing Industries	301
10	Changing rules	302
	The clothing production circuit	302
	Global shifts in the clothing industries	304
	Changing patterns of consumption	306
	Production costs and technology	308
	The role of the state and the Multi-Fibre Arrangement	312
	Corporate strategies in the clothing industries	314
	Regionalizing production networks in the clothing industries	322
11	'Wheels of Change': The Automobile Industry	331
	All change?	331
	The automobile production circuit	332
	Global shifts in automobile production and trade	334
	Changing patterns of consumption	337
	Technological change in the automobile industry	339
	The role of the state	342
	Corporate strategies in the automobile industry	344
	Regionalizing production networks in the automobile industry	356
12	'Making the World Go Round': Advanced Business	
	Services - Especially Finance	367
	The centrality of advanced business services	368
	The structure of advanced business services	369
	Dynamics of the markets for advanced business services	372
FF	Technological innovation and advanced business services	373
	The role of the state: regulation, deregulation, reregulation	377
	Corporate strategies in advanced business services	380
	Geographies of advanced business services	390
13	'Making the Connections, Moving the Goods':	
	Logistics and Distribution Services	399
	Taking distribution for granted	399
	The structure of logistics and distribution services	400
	The dynamics of the market for logistics services	403
	Technological innovation and logistics and distribution services The role of the state: regulation and deregulation of logistics and	404
	distribution services	410
	Corporate strategies in logistics and distribution services	413
	Logistics 'places': key geographical nodes on the global logistics map	423
