

# Table of Contents

Summary of Major Changes in the 2021 *Red Book*

## SECTION 1 ACTIVE AND PASSIVE IMMUNIZATION

Prologue .....	1
Sources of Information About Immunization .....	3
Discussing Vaccines With Patients and Parents .....	7
Addressing Parents' Questions About Vaccine Safety and Effectiveness .....	7
Common Misconceptions About Immunizations .....	7
Resources for Optimizing Communications With Parents About Vaccines.....	10
Parental Refusal of Immunizations .....	11
Immunization Documentation .....	12
Active Immunization.....	13
Vaccine Ingredients .....	17
Vaccine Handling and Storage.....	19
Vaccine Administration .....	26
Managing Injection Pain .....	30
Immunization Schedule and Timing of Vaccines.....	31
Minimum Ages and Minimum Intervals Between Vaccine Doses .....	34
Interchangeability of Vaccine Products .....	34
Simultaneous Administration of Multiple Vaccines.....	36
Combination Vaccines.....	37
Lapsed Immunizations .....	38
Unknown or Uncertain Immunization Status.....	39
Vaccine Dose .....	39
Active Immunization After Receipt of Immune Globulin or Other Blood Products.....	40
Vaccine Safety .....	42
Risks and Adverse Events.....	42
National Academy of Medicine Reviews of Adverse Events After Immunization .....	43
Immunization Safety Review .....	44
Childhood Immunization Schedule and Safety .....	45
Vaccine Adverse Event Reporting System .....	46
Vaccine Safety Datalink Project.....	47
FDA CBER Sentinel Program .....	48
Clinical Immunization Safety Assessment (CISA) Project.....	48
Vaccine Injury Compensation .....	50
Hypersensitivity Reactions After Immunization .....	51
Immediate-Type Allergic Reactions.....	52
Delayed-Type Allergic Reactions .....	53

Other Vaccine Reactions .....	54
Passive Immunization.....	54
Immune Globulin Intramuscular (IGIM).....	55
Immune Globulin Intravenous (IGIV) .....	57
Immune Globulin Subcutaneous (IGSC).....	62
Treatment of Anaphylactic Reactions.....	64
Immunization in Special Clinical Circumstances .....	67
Immunization in Preterm and Low Birth Weight Infants.....	67
Immunization in Pregnancy .....	69
Immunization and Other Considerations in Immunocompromised Children.....	72
Immunization in Children With a Personal or Family History of Seizures.....	87
Immunization in Children With Chronic Diseases .....	87
Immunization in American Indian/Alaska Native Children and Adolescents .....	88
Immunization in Adolescent and College Populations.....	91
Immunization in Health Care Personnel .....	92
Children Who Received Immunizations Outside the United States or Whose Immunization Status is Unknown or Uncertain.....	96
International Travel.....	99

## SECTION 2

### RECOMMENDATIONS FOR CARE OF CHILDREN IN SPECIAL CIRCUMSTANCES

Breastfeeding and Human Milk.....	107
AAP Recommendations on Breastfeeding .....	107
Contraindications to Breastfeeding .....	108
Immunization of Mothers and Infants.....	108
Transmission of Infectious Agents via Human Milk.....	109
Antimicrobial Agents and Other Drugs in Human Milk.....	115
Anti-TNF Biologic Response Modifiers in Human Milk.....	116
Children in Group Child Care and Schools .....	116
Modes of Spread of Infectious Diseases .....	117
Respiratory Tract Diseases.....	117
Enteric Diseases .....	117
Bloodborne Infections.....	119
Other Infections .....	121
Management and Prevention of Infectious Diseases .....	122
Immunization.....	122
Infection Control and Prevention .....	124
Exclusion and Return to Care .....	126
Infection Prevention and Control for Hospitalized Children .....	133
Infection Prevention and Control Precautions.....	134
Strategies to Prevent Health Care-Associated Infections .....	141
Occupational Health.....	142
Sibling Visitation .....	143
Adult Visitation.....	143

Pet Visitation.....	144
Infection Prevention and Control in Ambulatory Settings .....	145
Sexually Transmitted Infections in Adolescents and Children .....	148
STIs During Preventive Health Care of Adolescents .....	148
Sexual Assault and Abuse in Children and Adolescents/Young Adults.....	150
Medical Evaluation for Infectious Diseases for Internationally Adopted, Refugee, and Immigrant Children .....	158
Consideration for Testing for Infectious Agents.....	159
Hepatitis A .....	159
Hepatitis B .....	161
Hepatitis C .....	162
Intestinal Pathogens .....	162
Tissue Parasites/Eosinophilia .....	163
Sexually Transmitted Infections.....	163
Tuberculosis .....	164
HIV Infection.....	165
Chagas Disease (American Trypanosomiasis).....	165
Other Infectious Diseases.....	165
Injuries From Needles Discarded in the Community .....	166
Wound Care and Tetanus Prophylaxis.....	167
Bloodborne Pathogens.....	167
Preventing Needlestick Injuries .....	169
Bite Wounds .....	169
Prevention of Mosquitoborne and Tickborne Infections .....	175
General Protective Measures.....	176
Repellents for Use on Skin .....	177
Tick Inspection and Removal.....	179
Other Preventive Measures .....	180
Prevention of Illnesses Associated with Recreational Water Use .....	180

### SECTION 3 SUMMARIES OF INFECTIOUS DISEASES

Actinomycosis.....	187
Adenovirus Infections.....	188
Amebiasis .....	190
Amebic Meningoencephalitis and Keratitis ( <i>Naegleria fowleri</i> , <i>Acanthamoeba</i> species, and <i>Balamuthia mandrillaris</i> ) .....	193
Anthrax .....	196
Arboviruses (Including Colorado tick fever, Eastern equine encephalitis, Heartland, Jamestown Canyon, Japanese encephalitis, La Crosse, Powassan, St. Louis encephalitis, tickborne encephalitis, and yellow fever viruses).....	202
<i>Branhamella haemolyticum</i> Infections.....	209
<i>Ascaris lumbricoides</i> Infections .....	210
Aspergillosis.....	211
Astrovirus Infections.....	216

Babesiosis .....	217
<i>Bacillus cereus</i> Infections and Intoxications .....	219
Bacterial Vaginosis .....	221
<i>Bacteroides</i> , <i>Prevotella</i> , and Other Anaerobic Gram-Negative Bacilli Infections .....	224
<i>Balantidium coli</i> Infections (Balantidiasis) .....	226
<i>Bartonella henselae</i> (Cat-Scratch Disease) .....	226
<i>Baylisascaris</i> Infections .....	229
Infections With <i>Blastocystis</i> Species .....	230
Blastomycosis.....	232
Bocavirus .....	233
<i>Borrelia</i> Infections Other Than Lyme Disease (Relapsing Fever) .....	235
Brucellosis .....	238
<i>Burkholderia</i> Infections .....	240
<i>Campylobacter</i> Infections.....	243
Candidiasis .....	246
Chancroid and Cutaneous Ulcers.....	252
Chikungunya.....	254
Chlamydial Infections.....	256
<i>Chlamydia pneumoniae</i> .....	256
<i>Chlamydia psittaci</i> (Psittacosis, Ornithosis, Parrot Fever) .....	258
<i>Chlamydia trachomatis</i> .....	260
Clostridial Infections .....	266
Botulism and Infant Botulism ( <i>Clostridium botulinum</i> ) .....	266
Clostridial Myonecrosis (Gas Gangrene) .....	269
<i>Clostridioides difficile</i> (formerly <i>Clostridium difficile</i> ) .....	271
<i>Clostridium perfringens</i> Foodborne Illness .....	276
Coccidioidomycosis.....	277
Coronaviruses, Including SARS-CoV-2 and MERS-CoV .....	280
<i>Cryptococcus neoformans</i> and <i>Cryptococcus gattii</i> Infections (Cryptococcosis) .....	285
Cryptosporidiosis .....	288
Cutaneous Larva Migrans .....	291
Cyclosporiasis.....	292
Cystoisosporiasis (formerly Isosporiasis) .....	293
Cytomegalovirus Infection.....	294
Dengue .....	301
Diphtheria.....	304
<i>Ehrlichia</i> , <i>Anaplasma</i> , and Related Infections (Human Ehrlichiosis, Anaplasmosis, and Related Infections Attributable to Bacteria in the Family <i>Anaplasmataceae</i> ) .....	308
Serious Neonatal Bacterial Infections Caused by <i>Enterobacteriaceae</i> (Including Septicemia and Meningitis) .....	311
Enterovirus (Nonpoliovirus) (Group A and B Coxsackieviruses, Echoviruses, Numbered Enteroviruses) .....	315
Epstein-Barr Virus Infections (Infectious Mononucleosis) .....	318
<i>Escherichia coli</i> Diarrhea (Including Hemolytic-Uremic Syndrome) .....	322
Other Fungal Diseases .....	328

<i>Funbacterium</i> Infections (Including Lemierre Syndrome) .....	333
<i>Giardia duodenalis</i> (formerly <i>Giardia lamblia</i> and <i>Giardia intestinalis</i> ) Infections (Giardiasis).....	335
Gonococcal Infections.....	338
Granuloma Inguinale (Donovanosis) .....	344
<i>Haemophilus influenzae</i> Infections .....	345
Hantavirus Pulmonary Syndrome .....	354
<i>Helicobacter pylori</i> Infections .....	357
Hemorrhagic Fevers Caused by Arenaviruses.....	362
Hemorrhagic Fevers Caused by Bunyaviruses .....	365
Hemorrhagic Fevers Caused by Filoviruses: Ebola and Marburg .....	368
Hepatitis A .....	373
Hepatitis B .....	381
Hepatitis C .....	399
Hepatitis D .....	404
Hepatitis E .....	405
Herpes Simplex.....	407
Histoplasmosis.....	417
Hookworm Infections ( <i>Ancylostoma duodenale</i> and <i>Necator americanus</i> ).....	421
Human Herpesvirus 6 (Including Roseola) and 7.....	422
Human Herpesvirus 8.....	425
Human Immunodeficiency Virus Infection .....	427
Human Papillomaviruses .....	440
Influenza .....	447
Kawasaki Disease.....	457
<i>Kingella kingae</i> Infections .....	464
<i>Legionella pneumophila</i> Infections.....	465
Leishmaniasis .....	468
Leprosy.....	472
Leptospirosis.....	475
<i>Listeria monocytogenes</i> Infections (Listeriosis).....	478
Lyme Disease (Lyme Borreliosis, <i>Borrelia burgdorferi</i> sensu lato Infection).....	482
Lymphatic Filariasis (Bancroftian, Malayan, and Timorian).....	490
Lymphocytic Choriomeningitis Virus.....	492
Malaria.....	493
Measles.....	503
Meningococcal Infections .....	519
Human Metapneumovirus.....	532
Microsporidia Infections (Microsporidiosis).....	533
Molluscum Contagiosum .....	535
<i>Moraxella catarrhalis</i> Infections .....	537
Mumps .....	538
<i>Mycoplasma pneumoniae</i> and Other <i>Mycoplasma</i> Species Infections.....	543
Nocardiosis .....	546
Norovirus and Sapovirus Infections .....	548
Onchocerciasis (River Blindness, Filariasis) .....	550

Paracoccidioidomycosis (Formerly Known as South American Blastomycosis).....	552
Paragonimiasis .....	554
Parainfluenza Viral Infections.....	555
Parasitic Diseases.....	557
Parechovirus Infections .....	561
Parvovirus B19 (Erythema Infectiosum, Fifth Disease).....	562
<i>Pasteurella</i> Infections .....	566
Pediculosis Capitis (Head Lice) .....	567
Pediculosis Corporis (Body Lice).....	571
Pediculosis Pubis (Pubic Lice, Crab Lice) .....	572
Pelvic Inflammatory Disease .....	574
Pertussis (Whooping Cough) .....	576
Pinworm Infection ( <i>Enterobius vermicularis</i> ).....	589
Pityriasis Versicolor (Formerly Tinea Versicolor).....	591
Plague.....	592
<i>Pneumocystis jirovecii</i> Infections.....	595
Poliovirus Infections .....	601
Polyomaviruses (BK, JC, and Other Polyomaviruses).....	607
Prion Diseases: Transmissible Spongiform Encephalopathies.....	610
<i>Pseudomonas aeruginosa</i> Infections .....	614
Q Fever ( <i>Coxiella burnetii</i> Infection).....	617
Rabies.....	619
Rat-Bite Fever .....	627
Respiratory Syncytial Virus .....	628
Rhinovirus Infections .....	636
Rickettsial Diseases .....	638
Rickettsialpox.....	640
Rocky Mountain Spotted Fever .....	641
Rotavirus Infections .....	644
Rubella .....	648
<i>Salmonella</i> Infections .....	655
Scabies.....	665
Schistosomiasis .....	666
<i>Shigella</i> Infections .....	668
Smallpox (Variola).....	672
Sporotrichosis.....	676
Staphylococcal Food Poisoning.....	677
<i>Staphylococcus aureus</i> .....	678
Coagulase-Negative Staphylococcal Infections.....	692
Group A Streptococcal Infections.....	694
Group B Streptococcal Infections.....	707
Non-Group A or B Streptococcal and Enterococcal Infections .....	713
<i>Streptococcus pneumoniae</i> (Pneumococcal) Infections .....	717
Strongyloidiasis ( <i>Strongyloides stercoralis</i> ) .....	727
Syphilis .....	729
Tapeworm Diseases (Taeniasis and Cysticercosis) .....	744

Other Tapeworm Infections (Including Hydatid Disease).....	747
Tetanus (Lockjaw) .....	750
Tinea Capitis (Ringworm of the Scalp).....	755
Tinea Corporis (Ringworm of the Body) .....	759
Tinea Cruris (Jock Itch).....	762
Tinea Pedis and Tinea Unguium (Onychomycosis) (Athlete's Foot, Ringworm of the Feet).....	764
Toxocariasis.....	766
<i>Toxoplasma gondii</i> Infections (Toxoplasmosis) .....	767
Trichinellosis ( <i>Trichinella spiralis</i> and Other Species) .....	775
<i>Trichomonas vaginalis</i> Infections (Trichomoniasis).....	777
Trichuriasis (Whipworm Infection) .....	780
African Trypanosomiasis (African Sleeping Sickness).....	781
American Trypanosomiasis (Chagas Disease).....	783
Tuberculosis .....	786
Non-tuberculous Mycobacteria (Environmental Mycobacteria, Mycobacteria Other Than <i>Mycobacterium tuberculosis</i> ) .....	814
Tularemia .....	822
Louseborne Typhus (Epidemic or Sylvatic Typhus) .....	825
Murine Typhus (Endemic or Fleaborne Typhus) .....	827
<i>Ureaplasma urealyticum</i> and <i>Ureaplasma parvum</i> Infections.....	829
Varicella-Zoster Virus Infections.....	831
<i>Vibrio</i> Infections .....	843
Cholera ( <i>Vibrio cholerae</i> ) .....	843
Other <i>Vibrio</i> Infections.....	847
West Nile Virus .....	848
<i>Yersinia enterocolitica</i> and <i>Yersinia pseudotuberculosis</i> Infections (Enteritis and Other Illnesses).....	851
Zika .....	854

## SECTION 4

### ANTIMICROBIAL AGENTS AND RELATED THERAPY

Introduction .....	863
Fluoroquinolones.....	864
Tetracyclines .....	866
Antimicrobial Agents Approved for Use in Adults but Not Children .....	866
Cephalosporin Cross-Reactivity With Other Beta Lactam Antibiotics .....	866
Antimicrobial Resistance and Antimicrobial Stewardship:	
Appropriate and Judicious Use of Antimicrobial Agents.....	868
Antimicrobial Resistance .....	868
Factors Contributing to Resistance.....	868
Actions to Prevent or Slow Antimicrobial Resistance .....	869
Antimicrobial Stewardship .....	870
Role of the Medical Provider .....	872
Principles of Appropriate Use of Antimicrobial Therapy for Upper Respiratory Tract Infections .....	873

Drug Interactions.....	876
Tables of Antibacterial Drug Dosages.....	876
Sexually Transmitted Infections.....	898
Antifungal Drugs for Systemic Fungal Infections.....	905
Polyenes.....	905
Pyrimidines.....	906
Azoles.....	907
Echinocandins.....	908
Recommended Doses of Parenteral and Oral Antifungal Drugs.....	913
Topical Drugs for Superficial Fungal Infections.....	922
Non-HIV Antiviral Drugs.....	930
Drugs for Parasitic Infections.....	949
Systems-based Treatment Table.....	990
MedWatch—The FDA Safety Information and Adverse Event-Reporting Program..	1004

## **SECTION 5**

### **ANTIMICROBIAL PROPHYLAXIS**

Antimicrobial Prophylaxis.....	1007
Infection-Prone Body Sites.....	1007
Exposure to Specific Pathogens.....	1009
Vulnerable Hosts.....	1009
Antimicrobial Prophylaxis in Pediatric Surgical Patients.....	1010
Guidelines for Appropriate Use.....	1010
Indications for Prophylaxis.....	1010
Surgical Site Infection Criteria.....	1012
Timing of Administration of Prophylactic Antimicrobial Agents.....	1013
Dosing and Duration of Administration of Antimicrobial Agents.....	1013
Preoperative Screening and Decolonization.....	1013
Recommended Antimicrobial Agents.....	1014
Prevention of Bacterial Endocarditis.....	1021
Neonatal Ophthalmia.....	1023
Primary Prevention.....	1023
Secondary Prevention.....	1023
Legal Mandates for Topical Prophylaxis for Neonatal Ophthalmia.....	1025
Pseudomonal Ophthalmia.....	1026
Other Nongonococcal, Nonchlamydial Ophthalmia.....	1026

## **APPENDICES**

I	Directory of Resources.....	1027
II	Codes for Commonly Administered Pediatric Vaccines/Toxoids and Immune Globulins.....	1032
III	Nationally Notifiable Infectious Diseases in the United States.....	1033
IV	Guide to Contraindications and Precautions to Immunizations.....	1036
V	Prevention of Infectious Disease From Contaminated Food Products.....	1037
VI	Clinical Syndromes Associated With Foodborne Diseases.....	1041
VII	Diseases Transmitted by Animals (Zoonoses).....	1048
