PART ONE The Financial Structure

1 Introduction 3

Different Uses of the Word "Money" 4 The Functions of
Money 5 M-1 10 Types of Money 10 The Cashless Soci-
ety? 11 Money and Near-Money 12 Summary 13

2 The Financial System: An Overview 15

The Role of Financial Institutions 15 Portfolio
Balance 19 Government Supervision of Financial
Institutions 22 Summary 25

3 The Banking Industry 27

A Sketch of Banking History 27 Chartering and
Examination 30 Federal Reserve Membership 33 Bank
Capital 34 Bank Failures and Deposit Insurance 35 Check
Clearing 39 Correspondent Banking 40 Holding
Companies 41 Concentration in Banking 42 Social Regulation of
Bank Loans 46 Summary 48

4 The Banking Firm 51

Bank Assets and Liabilities 51 The Bank's Assets 55 Asset and
Liability Management 65 The Maturity Match between Assets and
Liabilities 67 Other Banking Activities 68 Summary 69

5 Financial Intermediaries 71

Thrift Institutions: A Profile 71 Investment Portfolios of Thrift
Institutions 74 The Competition for the Consumers'

PART THREE Monetary Theory

12 Money, Interest, and Asset Prices 207

The Meaning of Money 207 The Economic Impact of
 Money 208 Transactions Demand for Money 210 Velocity of
 Money 213 Transactions Demand and the Interest
 Rate 214 Money as an Investment 216 Total Demand for Money
 and Liquid Assets 218 Empirical Studies 219 Money Supply,
 Interest, and Income 221 Demand for Assets Versus Demand for
 Money 225 The Income-Expenditure Approach Versus the Monetarist
 Approach 228 Summary 229

13 Income-Expenditure Theory 232

The Structure of the National Income Accounts 233 Potential
 Output 238 The Circular Flow of Income and
 Expenditures 239 Price Adjustments and Quantity
 Adjustments 242 Interest Rates, Investments, and
 Income 247 Prices and the Aggregate-Demand Curve 254 The
 Aggregate-Supply Curve 257 Summary 259

14 Investment, Consumption, and National Income 263

Determinants of Investment 263 Interest Rates and Investment: The
 Investment-Demand Schedule 269 Interactions 271 Inventory
 Investment 273 Money, Wealth, and Consumption 275 The
 Aggregate-Demand Curve and Price-Level Changes 279 The Equilib-
 rium Price Level 280 Short-Run Fluctuations in
 Output 282 Summary 285

15 The Monetarist Approach 289

The Quantity Theory—Basic Principles 289 Recent Developments of the
 Quantity Theory 291 The Chicago Approach 293 Some Monetar-
 ist Propositions 301 The Stability Issue 302 Summary 305

16 Monetarism: Additional Models 307

The St. Louis Approach 307 The Brunner-Meltzer
 Analysis 309 The Real Balance
 Approach 312 Summary 316 Appendix: The St. Louis
 Model 318

17 The Monetarist-Keynesian Debate in Perspective 320

Interest Elasticities in the *IS-LM* Model 322 Recent
 Models 323 Policy Differences 324

**18 Aggregate Supply, Aggregate Demand, and the Wage-Price
 Spiral 326**

Causes of Inflation 327 Real Output, Employment, Prices, and
 Wages 332 Shifts in Aggregate Demand 342 Structural Changes in
 the Wage Phillips Curve 346 Supply Shifts I: Unemployment Vacancies
 and Wage Increases 347 Supply Shifts: II 348 Supply Shifts:

III 349	Raw Materials, Food, and Fuel 349	Supply and Demand
Interactions 350	Inflation: 1970s 350	The Great Money Supply
Experiment 352	Summary 353	

PART FOUR Monetary Policy

19	The Goals of Monetary Policy 359		
	The Goals 359	Conflict among Goals 364	What Should the Fed Do? 365
		Summary 368	
20	Tools of Monetary Policy 370		
	Open-Market Operations 370	The Discount Mechanism 373	The Discount Rate 375
		Reserve-Requirement Changes 377	Are All Three Tools Needed? 378
		Moral Suasion 379	Publicity and Advice 380
		Summary 380	Appendix: Reserve Requirements: Some Controversies and Reform Proposals 382
21	The Fed's Targets and Instruments 385		
	Target Variables 386	Credit or Debt Variables 396	Alternative Approaches 397
		Instruments 396	The Federal Reserve's Policy Procedures 399
		Summary 404	
22	The Impact of Monetary Policy 407		
	Strength of Monetary Policy 407	The Transmission Process 407	International Trade Effects 414
		Rational Expectations 417	An Emerging Problem: A Flexible Interest Rate on Money 418
		Allocation Effects 419	Summary 423
		Credit Allocation 425	Appendix: Credit Allocation 425
23	Can Countercyclical Monetary Policy Succeed? 427		
	The Problem of Lags 428	Rational Expectations 434	Political Problems 440
		Administrative Problems 442	Summary 443
24	The Record of Monetary Policy 446		
	The Early Years 446	Other Events in the 1920s 449	The Great Depression 449
		Federal Reserve Policy 452	War Finance and Interest-Rate Pegging 458
		The Mid- and Late-1950s 460	The 1960s and 1970s 461
		How Much Has the Fed Learned? 468	Summary 468
25	Alternative Monetary Policies 471		
	Rules Versus Discretion 471	The Monetarist Position 476	The Long-Run Stabilization Approach 478
		The Easy-Money Position 478	The Gold Standard 479
		Summary 480	The Monetary Standard 479

PART FIVE International Money and Finance

26 The Evolution of the International Monetary System 485

The Gold Standard 486 The Gold-Exchange Standard 491 The Bretton Woods System 492 The Move to Floating Exchange Rates 496 Summary 497

27 The Organization of the Foreign-Exchange Market 499

The Market for Foreign Exchange 500 The Relation between the Spot-Exchange and the Forward-Exchange Rates 504 Forward-Exchange Rates as Forecasts of Further Spot-Exchange Rates 506 The Level of the Exchange Rate 507 Central Bank Intervention in the Foreign-Exchange Market 512 The Segmentation of National Money Markets 514 The Balance-of-Payments Accounts 515 Summary 519

28 International Banking and National Monetary Policies 521

The Internationalization of Commercial Banking 521 The Structure of International Banking 524 Competition and Regulation 525 The Growth of Offshore Banking 527 Interest Rates in Domestic and Off-shore Banks 528 The Monetary Implications of Offshore Deposits 530 Summary 534

29 The Issues in International Finance 536

Toward a New International Monetary System 536 International Monetary Developments in the Last Decade 538 Optimal Currency Areas and Monetary Unions 540 The Choice between Floating and Pegged Exchange Rates 543 The System of Reserve Assets 547 Gold as International Money 548 The Dollar and Other Fiat Assets 549 The Role of Multinational Monetary Institutions 551 Summary 552
