ACKNOWLEDGMENTS, *ix*

1 Introduction, 1

Organization of the Book, 2

PART 1

THE IMPORTANCE OF INFANT FEEDING FOR LATER HEALTH OUTCOMES

2 Healthy Beginnings, 5

Introduction, 5

Sensitive Periods Defined, 5

Evidence for Sensitive Periods of Development Within Early Caregiver-Infant Relationships: Imprinting and Early Attachment, 6

Evidence for Sensitive Periods of Development for Dietary Patterns, Eating Behaviors, and Related Health Outcomes, 8

Flavor Learning in Utero and During Infancy, 8

Self-Regulation of Intake During Infancy and Early Childhood, 9

Adipose Tissue Development and Rapid Weight Gain During Infancy, 9

Harnessing the Power of Sensitive Periods in Research and Practice, 10

Conclusion, 10

References, 11

3 Healthy Infant Weight Gain and Growth, 17

Introduction, 17

Historical Considerations, 17

The World Health Organization Child Growth Standards, 18

Development and Rationale, 18

Use and Interpretation, 20

Associations Between Rapid Weight Gain and Later Health Outcomes, 22

Caregivers' Perceptions of Growth Charts and Healthy Infant Growth, 25

Conclusions, 26

References, 26

PART 2

RESPONSIVE FEEDING DURING BREASTFEEDING, BOTTLE-FEEDING, AND THE TRANSITION TO SOLIDS

4 How Infants Communicate and Self-Regulate During Feeding, 31

Introduction, 31

Infant States, 31

Infant Cues, 32

Infants' Capacities to Self-Regulate Intake During Feeding, 38

Conclusions, 40

References, 40

5 The Importance of Responsive Feeding, 43

Introduction, 43

Responsive Feeding Defined, 43

Nonresponsive Feeding Defined, 45

Responsive Feeding as a Facet of Responsive Caregiving, 47

Benefits of Responsiveness for Feeding and Developmental Outcomes, 48

Assessment of Responsive Feeding, 49

Promoting Responsive Feeding, 52

Conclusion, 53

References, 53

6 Responsive Feeding During Breastfeeding, 57

Introduction, 57

Breastfeeding as a Demand and Supply System, 57

The Role of Maternal Sensitivity and Responsiveness in Breastfeeding Success, 59

- Links Between Perceived Insufficient Milk Supply and Responsive Feeding, 60
- Breastfeeding as a Support for Responsive Feeding, 61
- Hormonal and Neural Mechanisms, 61*
- Behavioral Learning Mechanisms, 63*
- Associations Between Breastfeeding and Infant Feeding and Weight Outcomes, 64
- Promoting Responsive Feeding During Breastfeeding, 64
- Conclusions, 65
- References, 66
- 7 Responsive Feeding During Bottle-Feeding, 71**
- Introduction, 71
- Bottle-Feeding Versus Formula-Feeding, 71
- How Bottle-Feeding Differs From Breastfeeding: Implications for Responsive Feeding, 72
- Features of Bottles That May Affect Responsive Feeding and Feeding Outcomes, 73
- Caregiver Feeding Practices and Styles During Bottle-Feeding, 74
- Associations Between Formula-/Bottle-Feeding and Infant Feeding and Weight Outcomes, 76
- Promoting Responsive Feeding During Bottle-feeding, 77
- Conclusions, 81
- References, 81
- 8 Responsive Feeding During the Transition to Solid Foods, 85**
- Introduction, 85
- The Ideal: Recommendations for the Transition to Solid Foods, 85
- The Reality: Young Children's Diets Are in Need of Improvement, 87
- How do Eating Behaviors and Dietary Patterns Develop During Infancy?, 89
- Promoting Responsive Feeding During the Transition to Solids Foods, 90
- Managing Caregivers' Perceptions and Expectations, 90*
- The Division of Responsibility During Feeding Model, 91*
- Conventional Weaning Versus Baby-Led Weaning, 92*
- Conclusions, 94
- References, 94

PART 3

ADDITIONAL CONSIDERATIONS FOR PROMOTING RESPONSIVE FEEDING

- 9 Caregivers' Engagement With Distracting Technology: Considerations and Concerns, 99**
- Introduction, 99
- Technology and Mobile Device Use in Modern Times, 99
- Parents' Use of Technology and Mobile Devices Within Family Contexts, 99
- Should We Be Concerned About Parents' Use of Technology and Mobile Devices? 102
- Effects of Technology and Mobile Devices on Parent Sensitivity and Responsiveness, 102
- Effects of Technological Distraction on Parent Sensitivity and Responsiveness to Ensure Child Safety, 103*
- Effects of Technological Distraction on Parent Sensitivity and Responsiveness During Parent-Child Interactions, 103*
- Infant Reactions to Technoference During Face-to-Face Interaction, 105*
- Finding the Right Balance: A Note on Parent Guilt and Struggles, 107
- Conclusions, 108
- References, 108
- 10 Psychological, Social, and Contextual Influences on Early Feeding Interactions, 111**
- Introduction, 111
- The Socioecological Model: A Framework for Understanding Caregivers' Feeding Decisions, 111
- Infant Behavior, Temperament, and Weight, 112
- Maternal Mental Health, 113
- Family Structure and Social Support, 114
- Sociodemographic Factors, 115
- Conclusions, 117
- References, 117

PART 4

CONCLUSION

- 11 Conclusions, 123**
- Conclusions, 123

INDEX, 125
