1. The properties of gases	1	Answers to discussion questions	343
Answers to self tests	1	Answers to problems	358
Answers to exercises	5	Answers to projects	388
Answers to discussion questions	18		
Answers to problems	21	7. Quantum theory	400
Answers to projects	27	Answers to self tests	400
		Answers to exercises	404
2. The First Law of thermodynamics	34	Answers to discussion questions	411
Answers to self tests	34	Answers to problems	415
Answers to exercises	42	Answers to projects	423
Answers to discussion questions	60		
Answers to problems	69	8. Atomic structure	428
Answers to projects	85	Answers to self tests	428
		Answers to exercises	436
3. The Second Law of thermodynamics	96	Answers to discussion questions	448
Answers to self tests	96	Answers to problems	452
Answers to exercises	101	Answers to projects	460
Answers to discussion questions	110		
Answers to problems	113	9. The chemical bond	466
Answers to projects	122	Answers to self tests	466
		Answers to exercises	470
4. Physical transformations	126	Answers to discussion questions	476
Answers to self tests	126	Answers to problems	480
Answers to exercises	135	Answers to projects	492
Answers to discussion questions	149		
Answers to problems	156	10. Molecular interactions	498
Answers to projects	174	Answers to self tests	498
		Answers to exercises	502
5. Chemical change	182	Answers to discussion questions	505
Answers to self tests	182	Answers to problems	509
Answers to exercises	201	Answers to projects	525
Answers to discussion questions	229		
Answers to problems	240	11. Molecular spectroscopy	528
Answers to projects	311	Answers to self tests	528
		Answers to exercises	535
6. Chemical kinetics	316	Answers to discussion questions	554
Answers to self tests	316	Answers to problems	559
Answers to exercises	326	Answers to projects	575

12. Statistical thermodynamics	579	14. Macromolecules and aggregates	636
Answers to self tests	579	Answers to self tests	636
Answers to exercises	588	Answers to exercises	639
Answers to discussion questions	595	Answers to discussion questions	642
Answers to problems	599	Answers to problems	644
Answers to projects	612	Answers to projects	648
13. Magnetic resonance	618	15. Solids	653
Answers to self tests	618	Answers to self tests	653
Answers to exercises	620	Answers to exercises	658
Answers to discussion questions	626	Answers to discussion questions	664
Answers to problems	628	Answers to problems	667
Answers to projects	634	Answers to project	677
