

CONTENT

CHAPTER 1

7

General introduction

CHAPTER 2

21

Effects of environmental factors on the cellular and molecular parameters of the immune system in decapods

CHAPTER 3

41

Hemocyte coagulation and phagocytic behavior in early stages of injury in crayfish (Arthropoda: Decapoda) affect their morphology

CHAPTER 4

57

Quantification of proteomic profile changes in the hemolymph of crayfish during *in vitro* coagulation

CHAPTER 5

71

General discussion
