

# CONTENT

## CHAPTER 1

7

General introduction

## CHAPTER 2

45

Responses of signal crayfish *Pacifastacus leniusculus* to single short-term pulse exposure of pesticides at environmentally relevant concentrations

## CHAPTER 3

57

Short-term effects of an environmentally relevant concentration of organic UV filters on signal crayfish *Pacifastacus leniusculus*

## CHAPTER 4

67

Crayfish as bioindicators for monitoring ClO<sub>2</sub>: a case study from a brewery water treatment facility

## CHAPTER 5

79

General discussion
