# CONTENTS IN BRIEF

Preface xix

## PART 1: MONEY AND CAPITAL MARKETS

- 1 Financial Institutions and Intermediation 2
- 2 Money 17
- 3 Money Markets 32
- 4 Capital Market Instruments 60
- 5 Capital Markets, Derivative Securities, and International Diversification 81
- 6 Foreign Currency Exchange Markets 105
- 7 Euromarkets 122
- 8 Interest Rate Fundamentals 136
- 9 Interest and Exchange Rate Patterns 149

## PART 2: BANK REGULATION

- 10 The Formation of U.S. Bank Regulation and the Federal Reserve System 166
- 11 U.S. Monetary Policy, Deregulation, and Deposit Insurance 185
- 12 Central Banks and Regulatory Systems outside the United States 205

## PART 3: BANK MANAGEMENT

- 13 Bank Profitability, Liquidity, and Liability Management 234

- 14 Bank Investment and Loan Portfolio Management 262

- 15 Bank Capital and Asset-Liability Management 287

## PART 4: BANKS AROUND THE WORLD

- 16 Commercial and Noncommercial Banks 318
- 17 The Domestic Operations of Commercial Banks 344
- 18 The International Operations of Commercial Banks 374

## PART 5: NONBANK DEPOSITORY INSTITUTIONS

- 19 Savings and Loan Associations and Mutual Savings Banks 402
- 20 Credit Unions 425

## PART 6: CONTRACTUAL NONBANK FINANCIAL INSTITUTIONS

- 21 Investment Companies 444
- 22 Pension Funds 465
- 23 Insurance Companies 493
- 24 Finance Companies 514

Appendixes 533

Preface xix

## PART 1: MONEY AND CAPITAL MARKETS 1

### 1 Financial Institutions and Intermediation 2

Chapter outline 2

Chapter overview 2

The role of financial institutions 3

Example of a financial transaction 3

*Savings units* 3

*Direct financing* 3

Financial intermediation 4

*An expanded example* 4

*Forms of financial intermediation* 5

*Other financial intermediaries* 6

Depository institutions 6

Non-depository financial institutions 7

An analysis of financial intermediation 7

*The balance sheet* 7

*Income and expense* 8

Direct financing 9

Financial markets 10

*Primary and secondary markets* 10

*Money and capital markets* 10

Financial services: a changing industry 11

*Changing market niches* 11

*A more global industry* 14

Summary 15

Key terms 15

End-of-chapter questions 15

Selected references 16

### 2 Money 17

Chapter outline 17

Chapter overview 17

The functions of money 18

Monetary systems 19

*Barter system* 20

*Full-bodied money* 20

*Paper money* 21

Money standards 21

The adoption of monetary standards 22

*Bretton Woods, 1944* 22

*The Smithsonian Agreement, 1971* 23

*The Snake in the Tunnel* 23

Expansion of the money supply by banks 26

*Banks reserves* 26

*Money supply expansion* 26

*Defining the money supply* 29

Summary 30

Key terms 30

End-of-chapter questions 31

End-of-chapter problems 31

Selected references 31

### International Comparisons 17

IMF members (exchange rate arrangements)

### 3 Money Markets 32

Chapter outline 32

Chapter overview 32

What is a money market? 33

Money market participants 34

*The United States* 34

*The United Kingdom and Japan* 35

Money market instruments 35

*Treasury securities* 36

The primary market / The secondary market

*Federal funds* 40

The market / Duration / Terms

*Repurchase agreements* 42

The United States / Japan

*Negotiable certificates of deposit* 44

The birth of negotiable CDs here and abroad / CD pricing	
<i>Commercial paper</i>	46
History of issuance / Growth and marketability / Secondary markets	
<i>Banker's acceptances</i>	48
Creating a banker's acceptance / The market	
Recent trends	51
<i>Federal funds and repos</i>	52
<i>Negotiable CDs</i>	54
Commercial paper	55
Summary	56
Key terms	56
End-of-chapter questions	57
End-of-chapter problems	57
Selected references	58

#### International Comparisons 32

Hong Kong	Japan	Singapore	United Kingdom
United States			

#### 4 Capital Market Instruments 60

Chapter outline	60
Chapter overview	60
Bonds	61
<i>Bond valuation</i>	61
<i>Bond yields</i>	62
<i>Types of bonds</i>	64
Treasury notes and bonds / Federal agency bonds / Municipal bonds / Corporate bonds	
Corporate stock	69
<i>Preferred stock</i>	69
<i>Common stock</i>	71
Mortgages	72
<i>Mortgage payments</i>	74
<i>Mortgage pools</i>	75
Securitization	75
<i>Mortgage-backed securities</i>	76
<i>Other forms of securitization</i>	77
<i>Advantages of securitization</i>	78
Summary	78
Key terms	79
End-of-chapter questions	79
End-of-chapter problems	79
Selected references	80

#### 5 Capital Markets, Derivative Securities, and International Diversification 81

Chapter outline	81
Chapter overview	81
Primary capital markets	82
<i>Investment banking</i>	82
<i>Public securities issues</i>	83
<i>Merchant banking</i>	83
<i>Commercial banks and investment banking in selected countries</i>	85

<i>Industry finance in selected countries</i>	85
Secondary capital markets	86
<i>Organized stock exchanges</i>	87
<i>The Over-the-Counter (OTC) market</i>	87
<i>International comparisons</i>	87
Derivative securities	90
<i>Futures contracts</i>	90
<i>Options contracts</i>	91
<i>Swap contracts</i>	94
Diversification	97
<i>Expected return of a portfolio</i>	97
<i>Portfolio Variance</i>	98
<i>Correlations of selected stock markets</i>	99
Summary	101
Key terms	102
End-of-chapter questions	102
Selected references	103

#### International Comparisons 81

Brazil	Canada	France	Germany	India	Japan
Korea	Malaysia	Switzerland	Taiwan	Thailand	United Kingdom
Mexico					

#### 6 Foreign Currency Exchange Markets 105

Chapter outline	105
Chapter overview	105
Foreign currency exchange	106
<i>Exchange rate risk</i>	106
<i>Spot market exchange</i>	107
<i>Forward exchange</i>	108
Forward rate determination / Other forward contracts	
<i>Currency swaps</i>	112
The use of swaps / Swap rates	
<i>Foreign exchange futures</i>	113
<i>Foreign exchange options</i>	115
The operation of foreign exchange markets	116
<i>Spot and forward markets</i>	116
<i>Swap market</i>	116
<i>Futures market</i>	117
<i>Options market</i>	118
Summary	119
Key terms	120
End-of-chapter questions	120
End-of-chapter problems	120
Selected references	121

#### International Comparisons 105

Brazil	India	Japan	Korea	Malaysia	Mexico
Taiwan	Thailand	United Kingdom			

#### 7 Euromarkets 122

Chapter outline	122
Chapter overview	122
Euromarkets	123
<i>Eurodollars</i>	123

Development of the Eurodollar market / Euromarket locations / Eurocurrencies		Factors influencing currency exchange rates	156
<i>Eurobonds and foreign bonds</i>	125	<i>Purchasing power parity</i>	156
<i>Eurocommercial paper and Euronotes</i>	127	<i>Other factors</i>	157
<i>Euroequities</i>	129	<i>Exchange rate adjustments</i>	158
The European Community	130	Recent patterns of foreign exchange rates	159
<i>European Monetary System</i>	131	<i>Exchange rates during the 1980s—selected currencies</i>	159
<i>Completing European integration</i>	132	<i>The case of Latin America</i>	159
<i>Monetary union</i>	132	Summary	162
Summary	134	Key terms	162
Key terms	134	End-of-chapter questions	162
End-of-chapter questions	134	Selected references	163
Selected references	135		
		<b>International Comparisons</b>	149
<b>International Comparisons</b>	122	Argentina Brazil France Germany Italy Japan Mexico United Kingdom	
Canada France Germany Japan Netherlands Switzerland United Kingdom			
		<b>PART 2: BANK REGULATION</b>	164
<b>8 Interest Rate Fundamentals</b>	136	<b>10 The Formation of U.S. Bank Regulation and the Federal Reserve System</b>	166
Chapter outline	136	Chapter outline	166
Chapter overview	136	Chapter overview	166
Interest rate theory	137	Banking in the United States: A historical perspective	166
