Authors' acknowledgements

We could not have produced this book without several kinds of help. In particular, we would like to express our gratitude to:

 Keith Brown, Brian Graver and Diann Gruber, for their care in reading the original typescript: their comments and suggestions have resulted in many important improvements

leagadifficult were fures with action who we and which half seeks were made and unture abs

- Inge Bullock and Barbara Hately-Broad, for organising our personal and professional lives while we were doing the writing
- our children Mark and Helen, for putting up with us while it was going on
- Stewart Melluish of Oxford University Press and Richard Morris, our editor and designer, for the expertise, creativity, patience and good humour with which they handled us and the typescript.
