

Contents

- 1 Introduction: Economic Aspects of and Policy Options for Climate Protection 1
by Olav Hohmeyer and Klaus Renning

Part I: What Do We Know about Climate Change ?

- 2 The Science and Impacts of Climate Change – Conclusions from the Second IPCC Assessment Report 7
by Hartmut Grassl

Part II: Economic Aspects of Climate Change

- 3 Decision-Making Frameworks for Addressing Climate Change 23
by Gonzague Pillet
- 4 What is Sustainable Development ? 42
by Graciela Chichilnisky
- 5 Linking Weak and Strong Sustainability Indicators: The Case of Global Warming 83
by Klaus Renning and Olav Hohmeyer
- 6 Discounting of Long Term Costs: What Would Future Generations Prefer Us to Do ? 111
by Ari Rabl
- 7 Is Adaptation Cheaper than Prevention ? The Applicability of Cost-Benefit Analysis to Global Warming 126
by Peter Hennicke and Ralf Becker
- 8 Some Critical Remarks on Today's Bottom-up Energy Models 165
by Eberhard Jochem
- 9 Double Dividend of Climate Protection and the Role of International Policy Coordination in the EU - An Applied General Equilibrium Analysis with the GEM-E3 Model 180
by Klaus Conrad and Tobias F.N. Schmidt

Part III: Policy Options

| | |
|---|-----|
| 10 Possible Contributions of Renewable Energies to the Solution of the Global Climate Problem | 219 |
| <i>by Helmuth-Michael Groscurth and Sigurd Weinreich</i> | |
| 11 What Hope for a Sustainable Energy System ? | 236 |
| <i>by Nick Eyre</i> | |
| 12 Comment on: Potentials of Joint Implementation Measures | 244 |
| <i>by Henning Rentz</i> | |
| 13 Assessment of Voluntary Agreements in Environmental Policy - A Neoliberal Perspective | 247 |
| <i>by Klaus Rennings, Karl Ludwig Brockmann, and Heidi Bergmann</i> | |
| 14 The Political Context for Emissions Trading in the Climate Change Negotiations | 282 |
| <i>by Michael Grubb</i> | |
| 15 The Kyoto Protocol and the Emergence of " <i>Contraction and Convergence</i> " as a Framework for an International Political Solution to Greenhouse Gas Emissions Abatement..... | 291 |
| <i>by Aubrey Meyer</i> | |

Annex

| | |
|--|-----|
| A1 United Nations Framework Convention on Climate Change | 349 |
| A2 The Kyoto Protocol..... | 377 |
