Introduction

Welcome to *Play Recorder Today!*—the series designed to prepare you for any style of recorder playing, from rock to blues to jazz to classical. Whatever your taste in music, *Play Recorder Today!* will give you the start you need.

About the Audio

It's easy and fun to play recorder, and the accompanying audio will make your learning even more enjoyable, as we take you step by step through each lesson and play each song along with a full band. Much as a real lesson, the best way to learn this material is to read and practice a while first on your own, then listen to the audio. With *Play Recorder Today!*, you can learn at your own pace. If there is ever something that you don't quite understand the first time through, go back and listen again. Every musical track has been given a track number, so if you want to practice a song again, you can find it right away.
