In the eighteenth century, 1,300 years after the last Olympic Games in ancient times, the Olympic theme was highly fashionable. Many composers based operas on *L'Olimpiade*. As in a *pasticcio*, this unique recording brings together sixteen of the 'Olympian' composers who set the libretto to music.

Au XVIII^e siècle, soit quatorze siècles après les derniers JO de l'Antiquité, le thème de l'Olympisme est très en vogue. De nombreux compositeurs s'inspirent de ce libretto pour leurs opéras. Cet enregistrement unique réunit, à la manière d'un *pasticcio*, seize compositeurs parmi tous ceux qui ont mis *L'Olimpiade* en musique.
