

# Contents

Please note that the contents of this volume have been split into two parts for publication in print: Part A (in the accompanying book) and Part B (in this book).

|  |            |  |  |
|--|------------|--|--|
| <b>List of abbreviations</b>   | <b>xi</b>  |  |  |
| <b>Foreword</b>  | <b>xii</b> |  |  |
| <b>PART A (IN ACCOMPANYING BOOK)</b>   |            |  |  |
| <b>ICD-O topographical coding</b>  | <b>1</b>   |  |  |
| <b>ICD-O morphological coding</b>  | <b>1</b>   |  |  |
| Myeloid proliferations and neoplasms   | 2          |  |  |
| Histiocytic/dendritic cell neoplasms   | 5          |  |  |
| B-cell lymphoid proliferations and lymphomas   | 6          |  |  |
| T-cell and NK-cell lymphoid proliferations and lymphomas                                   | 10         |  |  |
| Stroma-derived neoplasms of lymphoid tissues   | 12         |  |  |
| <b>1 General introduction to haematolymphoid tumours</b>                                   | <b>13</b>  |  |  |
| <b>2 Myeloid proliferations and neoplasms</b>  | <b>17</b>  |  |  |
| Myeloid precursor lesions  |            |  |  |
| Clonal haematopoiesis  |            |  |  |
| Introduction   | 19         |  |  |
| Clonal haematopoiesis  | 20         |  |  |
| Clonal cytopenia of undetermined significance  | 24         |  |  |
| Myeloproliferative neoplasms   |            |  |  |
| Myeloproliferative neoplasms   |            |  |  |
| Introduction   | 26         |  |  |
| Chronic myeloid leukaemia  | 28         |  |  |
| Chronic neutrophilic leukaemia   | 34         |  |  |
| Chronic eosinophilic leukaemia   | 37         |  |  |
| Polycythaemia vera   | 40         |  |  |
| Essential thrombocythaemia   | 44         |  |  |
| Primary myelofibrosis  | 47         |  |  |
| Juvenile myelomonocytic leukaemia  | 53         |  |  |
| Myeloproliferative neoplasm NOS (unclassifiable)   | 57         |  |  |
| Mastocytosis   |            |  |  |
| Introduction   | 60         |  |  |
| Cutaneous mastocytosis   | 61         |  |  |
| Systemic mastocytosis  | 64         |  |  |
| Mast cell sarcoma  | 71         |  |  |
| Myelodysplastic neoplasms  |            |  |  |
| Introduction   | 73         |  |  |
| Myelodysplastic neoplasms with defining genetic abnormalities                              |            |  |  |
| Myelodysplastic neoplasm with low blasts and 5q deletion                                   | 76         |  |  |
| Myelodysplastic neoplasm with low blasts and <i>SF3B1</i> mutation                         | 78         |  |  |
| Myelodysplastic neoplasm with biallelic <i>TP53</i> inactivation                           | 80         |  |  |
| Myelodysplastic neoplasms defined morphologically  |            |  |  |
| Myelodysplastic neoplasm with low blasts   | 83         |  |  |
| Myelodysplastic neoplasm, hypoplastic  | 85         |  |  |
| Myelodysplastic neoplasm with increased blasts   | 87         |  |  |
| Myelodysplastic neoplasms of childhood   |            |  |  |
| Childhood myelodysplastic neoplasm with low blasts   | 90         |  |  |
| Childhood myelodysplastic neoplasm with increased blasts                                   | 93         |  |  |
| Myelodysplastic/myeloproliferative neoplasms   |            |  |  |
| Introduction   | 95         |  |  |
| Chronic myelomonocytic leukaemia   | 96         |  |  |
| Myelodysplastic/myeloproliferative neoplasm with neutrophilia                              | 102        |  |  |
| Myelodysplastic/myeloproliferative neoplasm with <i>SF3B1</i> mutation and thrombocytosis  | 105        |  |  |
| Myelodysplastic/myeloproliferative neoplasm NOS (unclassifiable)                           | 108        |  |  |
| Acute myeloid leukaemia  |            |  |  |
| Introduction   | 110        |  |  |
| Acute myeloid leukaemia with defining genetic abnormalities                                |            |  |  |
| Acute promyelocytic leukaemia with <i>PML::RARA</i> fusion                                 | 112        |  |  |
| Acute myeloid leukaemia with <i>RUNX1::RUNX1T1</i> fusion                                  | 115        |  |  |
| Acute myeloid leukaemia with <i>CBFB::MYH11</i> fusion                                     | 118        |  |  |
| Acute myeloid leukaemia with <i>DEK::NUP214</i> fusion                                     | 121        |  |  |
| Acute myeloid leukaemia with <i>RBM15::MRTFA</i> fusion                                    | 123        |  |  |
| Acute myeloid leukaemia with <i>BCR::ABL1</i> fusion                                       | 125        |  |  |
| Acute myeloid leukaemia with <i>KMT2A</i> rearrangement                                    | 127        |  |  |
| Acute myeloid leukaemia with <i>MECOM</i> rearrangement                                    | 130        |  |  |
| Acute myeloid leukaemia with <i>NUP98</i> rearrangement                                    | 133        |  |  |
| Acute myeloid leukaemia with <i>NPM1</i> mutation  | 135        |  |  |
| Acute myeloid leukaemia with <i>CEBPA</i> mutation   | 138        |  |  |
| Acute myeloid leukaemia, myelodysplasia-related  | 140        |  |  |
| Acute myeloid leukaemia with other defined genetic alterations                             | 144        |  |  |
| Acute myeloid leukaemia defined by differentiation   |            |  |  |
| Acute myeloid leukaemia with minimal differentiation                                       | 147        |  |  |
| Acute myeloid leukaemia without maturation   | 149        |  |  |
| Acute myeloid leukaemia with maturation  | 151        |  |  |
| Acute basophilic leukaemia   | 153        |  |  |
| Acute myelomonocytic leukaemia   | 155        |  |  |
| Acute monocytic leukaemia  | 157        |  |  |
| Acute erythroid leukaemia  | 160        |  |  |
| Acute megakaryoblastic leukaemia   | 162        |  |  |
| Myeloid sarcoma  |            |  |  |
| Myeloid sarcoma  | 165        |  |  |
| Secondary myeloid neoplasms  |            |  |  |
| Myeloid neoplasms and proliferations associated with antecedent or predisposing conditions |            |  |  |
| Introduction   | 169        |  |  |
| Myeloid neoplasm post cytotoxic therapy  | 170        |  |  |
| Myeloid neoplasms associated with germline predisposition                                  | 173        |  |  |
| Myeloid proliferations associated with Down syndrome                                       | 182        |  |  |
| Myeloid/lymphoid neoplasms   |            |  |  |
| Myeloid/lymphoid neoplasms with eosinophilia and tyrosine kinase gene fusions              |            |  |  |
| Introduction   | 184        |  |  |
| Myeloid/lymphoid neoplasm with <i>PDGFRA</i> rearrangement                                 | 185        |  |  |
| Myeloid/lymphoid neoplasm with <i>PDGFRB</i> rearrangement                                 | 188        |  |  |
| Myeloid/lymphoid neoplasm with <i>FGFR1</i> rearrangement                                  | 191        |  |  |
| Myeloid/lymphoid neoplasm with <i>JAK2</i> rearrangement                                   | 194        |  |  |
| Myeloid/lymphoid neoplasm with <i>FLT3</i> rearrangement                                   | 197        |  |  |
| Myeloid/lymphoid neoplasm with <i>ETV6::ABL1</i> fusion                                    | 199        |  |  |
| Myeloid/lymphoid neoplasms with other tyrosine kinase gene fusions                         | 201        |  |  |

|   |            |   |     |
|---|------------|---|-----|
| Acute leukaemias of mixed or ambiguous lineage                                    |            |   |     |
| Introduction  | 203        | B-lymphoblastic leukaemia/lymphoma with <i>BCR::ABL1</i> fusion   | 342 |
| Acute leukaemia of ambiguous lineage with defining genetic abnormalities          |            | B-lymphoblastic leukaemia/lymphoma with <i>BCR::ABL1</i> -like features                                   | 345 |
| Mixed-phenotype acute leukaemia with <i>BCR::ABL1</i> fusion                      | 206        | B-lymphoblastic leukaemia/lymphoma with <i>KMT2A</i> rearrangement  | 348 |
| Mixed-phenotype acute leukaemia with <i>KMT2A</i> rearrangement                   | 208        | B-lymphoblastic leukaemia/lymphoma with <i>ETV6::RUNX1</i> fusion   | 350 |
| Acute leukaemia of ambiguous lineage with other defined genetic alterations       | 210        | B-lymphoblastic leukaemia/lymphoma with <i>ETV6::RUNX1</i> -like features                                 | 352 |
| Acute leukaemia of ambiguous lineage defined immunophenotypically                 |            | B-lymphoblastic leukaemia/lymphoma with <i>TCF3::PBX1</i> fusion  | 354 |
| Mixed-phenotype acute leukaemia, B/myeloid  | 212        | B-lymphoblastic leukaemia/lymphoma with <i>IGH::IL3</i> fusion  | 356 |
| Mixed-phenotype acute leukaemia, T/myeloid  | 214        | B-lymphoblastic leukaemia/lymphoma with <i>TCF3::HLF</i> fusion   | 358 |
| Mixed-phenotype acute leukaemia, rare types                                       | 216        | B-lymphoblastic leukaemia/lymphoma with other defined genetic alterations                                 | 360 |
| Acute leukaemia of ambiguous lineage NOS  | 218        | B-lymphoblastic leukaemia/lymphoma NOS  | 364 |
| Acute undifferentiated leukaemia  | 219        |   |     |
| <b>3 Histiocytic/dendritic cell neoplasms</b>                                     | <b>221</b> | <b>Mature B-cell neoplasms</b>  |     |
| Introduction  | 222        | Preneoplastic and neoplastic small lymphocytic proliferations   |     |
| Plasmacytoid dendritic cell neoplasms   |            | Introduction  | 365 |
| Plasmacytoid dendritic cell neoplasms   |            | Monoclonal B-cell lymphocytosis   | 366 |
| Mature plasmacytoid dendritic cell proliferation associated with myeloid neoplasm | 224        | Chronic lymphocytic leukaemia / small lymphocytic lymphoma  | 368 |
| Blastic plasmacytoid dendritic cell neoplasm                                      | 226        | Splenic B-cell lymphomas and leukaemias   |     |
| Langerhans cell and other dendritic cell neoplasms                                |            | Introduction  | 378 |
| Langerhans cell neoplasms   |            | Hairy cell leukaemia  | 380 |
| Langerhans cell histiocytosis   | 230        | Splenic marginal zone lymphoma  | 385 |
| Langerhans cell sarcoma   | 234        | Splenic diffuse red pulp small B-cell lymphoma  | 389 |
| Other dendritic cell neoplasms  |            | Splenic B-cell lymphoma/leukaemia with prominent nucleoli   | 391 |
| Indeterminate dendritic cell tumour   | 237        | Lymphoplasmacytic lymphoma  |     |
| Interdigitating dendritic cell sarcoma  | 240        | Lymphoplasmacytic lymphoma  | 394 |
| Histiocyte/macrophage neoplasms   |            | Marginal zone lymphoma  |     |
| Histiocytic neoplasms   |            | Introduction  | 399 |
| Juvenile xanthogranuloma  | 242        | Extranodal marginal zone lymphoma of mucosa-associated lymphoid tissue                                    | 401 |
| Erdheim–Chester disease   | 245        | Primary cutaneous marginal zone lymphoma  | 409 |
| Rosai–Dorfman disease   | 248        | Nodal marginal zone lymphoma  | 412 |
| ALK-positive histiocytosis  | 252        | Paediatric nodal marginal zone lymphoma   | 417 |
| Histiocytic sarcoma   | 255        | Follicular lymphoma   |     |
| <b>Sources (Part A)</b>   | <b>259</b> | Introduction  | 420 |
| <b>References (Part A)</b>  | <b>263</b> | In situ follicular B-cell neoplasm  | 421 |
| <b>PART B (IN THIS BOOK)</b>  |            | Follicular lymphoma   | 423 |
| <b>4 B-cell lymphoid proliferations and lymphomas</b>                             | <b>295</b> | Paediatric-type follicular lymphoma   | 434 |
| Introduction to B-cell lymphoproliferative disorders and neoplasms                | 297        | Duodenal-type follicular lymphoma   | 437 |
| Tumour-like lesions with B-cell predominance                                      |            | Cutaneous follicle centre lymphoma  |     |
| Introduction  | 305        | Primary cutaneous follicle centre lymphoma  | 440 |
| Reactive B-cell-rich lymphoid proliferations that can mimic lymphoma              | 309        | Mantle cell lymphoma  |     |
| IgG4-related disease  | 315        | Introduction  | 443 |
| Unicentric Castleman disease  | 319        | In situ mantle cell neoplasm  | 444 |
| Idiopathic multicentric Castleman disease   | 322        | Mantle cell lymphoma  | 446 |
| KSHV/HHV8-associated multicentric Castleman disease                               | 325        | Leukaemic non-nodal mantle cell lymphoma  | 453 |
| Precursor B-cell neoplasms  |            | Transformations of indolent B-cell lymphomas  |     |
| B-lymphoblastic leukaemias/lymphomas  |            | Introduction  | 455 |
| Introduction  | 328        | Transformations of indolent B-cell lymphomas  | 456 |
| B-lymphoblastic leukaemia/lymphoma  | 330        | Large B-cell lymphomas  |     |
| B-lymphoblastic leukaemia/lymphoma with high hyperdiploidy                        | 336        | Introduction  | 461 |
| B-lymphoblastic leukaemia/lymphoma with hypodiploidy                              | 338        | Diffuse large B-cell lymphoma NOS   | 463 |
| B-lymphoblastic leukaemia/lymphoma with <i>iAMP21</i>                             | 340        | T-cell/histiocyte-rich large B-cell lymphoma  | 473 |
|   |            | Diffuse large B-cell lymphoma / high-grade B-cell lymphoma with <i>MYC</i> and <i>BCL2</i> rearrangements | 476 |
|   |            | ALK-positive large B-cell lymphoma  | 481 |
|   |            | Large B-cell lymphoma with <i>IRF4</i> rearrangement  | 484 |
|   |            | High-grade B-cell lymphoma with 11q aberration  | 486 |
|   |            | Lymphomatoid granulomatosis   | 489 |
|   |            | EBV-positive diffuse large B-cell lymphoma  | 493 |

|   |            |   |     |
|---|------------|---|-----|
| Diffuse large B-cell lymphoma associated with chronic inflammation                        | 497        | Indolent T-lymphoblastic proliferation  | 649 |
| Fibrin-associated large B-cell lymphoma   | 500        | Precursor T-cell neoplasms  |     |
| Fluid overload-associated large B-cell lymphoma   | 503        | T-lymphoblastic leukaemia/lymphoma  |     |
| Plasmablastic lymphoma  | 506        | T-lymphoblastic leukaemia/lymphoma NOS  | 651 |
| Primary large B-cell lymphoma of immune-privileged sites                                  | 509        | Early T-precursor lymphoblastic leukaemia/lymphoma  | 656 |
| Primary cutaneous diffuse large B-cell lymphoma, leg type                                 | 517        | Mature T-cell and NK-cell neoplasms   |     |
| Intravascular large B-cell lymphoma   | 520        | Mature T-cell and NK-cell leukaemias  |     |
| Primary mediastinal large B-cell lymphoma   | 523        | Introduction  | 658 |
| Mediastinal grey zone lymphoma  | 527        | T-prolymphocytic leukaemia  | 659 |
| High-grade B-cell lymphoma NOS  | 530        | T-large granular lymphocytic leukaemia  | 662 |
| Burkitt lymphoma  |            | NK-large granular lymphocytic leukaemia   | 665 |
| Burkitt lymphoma  | 532        | Adult T-cell leukaemia/lymphoma   | 667 |
| KSHV/HHV8-associated B-cell lymphoid proliferations and lymphomas                         |            | Sézary syndrome   | 674 |
| Introduction  | 539        | Aggressive NK-cell leukaemia  | 677 |
| Primary effusion lymphoma   | 541        | Primary cutaneous T-cell lymphoid proliferations and lymphomas  |     |
| KSHV/HHV8-positive diffuse large B-cell lymphoma  | 545        | Introduction to primary cutaneous T-cell neoplasms  | 680 |
| KSHV/HHV8-positive germinotropic lymphoproliferative disorder                             | 547        | Primary cutaneous CD4-positive small or medium T-cell lymphoproliferative disorder                                    | 682 |
| Lymphoid proliferations and lymphomas associated with immune deficiency and dysregulation |            | Primary cutaneous acral CD8-positive T-cell lymphoproliferative disorder  | 685 |
| Introduction  | 549        | Mycosis fungoides   | 688 |
| Hyperplasias arising in immune deficiency/dysregulation                                   | 555        | Primary cutaneous CD30-positive T-cell lymphoproliferative disorder: Lymphomatoid papulosis                           | 694 |
| Polymorphic lymphoproliferative disorders arising in immune deficiency/dysregulation      | 561        | Primary cutaneous CD30-positive T-cell lymphoproliferative disorder: Primary cutaneous anaplastic large cell lymphoma | 698 |
| EBV-positive mucocutaneous ulcer  | 565        | Subcutaneous panniculitis-like T-cell lymphoma  | 700 |
| Lymphomas arising in immune deficiency/dysregulation                                      | 568        | Primary cutaneous gamma-delta T-cell lymphoma   | 702 |
| Inborn error of immunity-associated lymphoid proliferations and lymphomas                 | 573        | Primary cutaneous CD8-positive aggressive epidermotropic cytotoxic T-cell lymphoma                                    | 705 |
| Hodgkin lymphoma  |            | Primary cutaneous peripheral T-cell lymphoma NOS  | 708 |
| Introduction  | 579        | Intestinal T-cell and NK-cell lymphoid proliferations and lymphomas   |     |
| Classic Hodgkin lymphoma  | 580        | Introduction  | 710 |
