

# Table of content

## General anatomy

Anatomical planes and positions .....	4
Surface anatomy.....	14
Development.....	18
Musculoskeletal system.....	20
Neurovascular pathways .....	48
Imaging methods .....	70
Skin and its derivatives .....	76

## Trunk

Surface.....	84
Development.....	88
Skeleton.....	90
Imaging methods .....	124
Musculature .....	132
Neurovascular pathways .....	160
Topography, dorsal trunk wall.....	170
Female breast .....	182
Topography, ventral trunk wall .....	186

## Upper limb

Surface.....	200
Development.....	202
Skeleton.....	204
Musculature .....	236
Neurovascular pathways .....	276
Topography .....	308
Cross-sectional images .....	338

## Lower limb

Surface.....	346
Skeleton.....	348
Musculature .....	414
Neurovascular pathways .....	452
Topography .....	476
Cross-sectional images .....	500
