

# TABLE OF CONTENTS

Foreword .....	5
List of tables .....	9
List of maps .....	10
Abbreviations .....	11
Grammatical, geographical and language abbreviations .....	11
Phonological symbols .....	13
Abbreviations for dialect divisions cited in this work and correspondences between abbreviations and dialect names/geographical regions .....	14
Chapter I: Introduction .....	19
The major Slovak dialect regions .....	20
The sociolinguistic situation in the Slovak lands before 1500 .....	21
Czech in Slovakia .....	24
Cultural Slovak .....	26
The present investigation .....	30
Chapter II: The Corpus .....	33
Geography .....	33
Chronology .....	34
Corpus size .....	36
Text type .....	37
Orthography .....	38
Chapter III: Introduction to the phonological investigation .....	45
1) vocalization of strong <i>ъ</i> and <i>ь</i> .....	47
2) development of syllabic <i>ɾ</i> and <i>ʎ</i> (and related <i>CrъC</i> and <i>ClъC</i> ) .....	51
3) fronting and raising of long and short <i>á</i> , <i>a / C'__C'</i> , <i>C'__#</i> .....	60
4) fronting of long and short <i>ú</i> , <i>u / C'__</i> .....	66
5) diphthongization of long <i>ó</i> and <i>'é</i> .....	69
6) diphthongization of long <i>ú / C°__</i> .....	75
7) assibilation of <i>d / __j</i> .....	79
8) assibilation of <i>d, t / __ě, i, e, ъ, ɛ</i> (i.e., all front vowels) .....	82
9) palatalization of <i>r / __ě, i, e, ъ, ɛ, j</i> (i.e., all front vowels and <i>j</i> ) .....	87
Chapter IV: Investigation of the Moravian Slovak corpus .....	91
Analysis of the textual data .....	91
1) vocalization of strong <i>ъ</i> and <i>ь</i> .....	91
2) development of syllabic <i>ɾ</i> and <i>ʎ</i> (and related <i>CrъC</i> and <i>ClъC</i> ) .....	91
3) fronting and raising of long and short <i>á</i> , <i>a / C'__C'</i> , <i>C'__#</i> .....	91
4) fronting of long and short <i>ú</i> , <i>u / C'__</i> .....	91
5) diphthongization of long <i>ó</i> and <i>'é</i> .....	91
6) diphthongization of long <i>ú / C°__</i> .....	91
7) assibilation of <i>d / __j</i> .....	91
8) assibilation of <i>d, t / __ě, i, e, ъ, ɛ</i> (i.e., all front vowels) .....	91
9) palatalization of <i>r / __ě, i, e, ъ, ɛ, j</i> (i.e., all front vowels and <i>j</i> ) .....	10
Summary analysis of the attested MSik reflex patterns .....	10
Chapter V: Investigation of the West Slovak corpus .....	10
Analysis of the textual data .....	10
1) vocalization of strong <i>ъ</i> and <i>ь</i> .....	10
2) development of syllabic <i>ɾ</i> and <i>ʎ</i> (and related <i>CrъC</i> and <i>ClъC</i> ) .....	10
3) fronting and raising of long and short <i>á</i> , <i>a / C'__C'</i> , <i>C'__#</i> .....	10

4) fronting of long and short <i>ú, u / C'</i> .....	110
5) diphthongization of long <i>ó</i> and <i>'é</i> .....	110
6) diphthongization of long <i>ú / C°</i> .....	113
7) assibilation of <i>d / __j</i> .....	114
8) assibilation of <i>d, t / __ě, i, e, Ъ, е</i> (i.e., all front vowels).....	114
9) palatalization of <i>r / __ě, i, e, Ъ, е, j</i> (i.e., all front vowels and <i>j</i> ).....	115
Summary analysis of the attested WSlk reflex patterns.....	116
Chapter VI: Investigation of the Central Slovak corpus.....	123
Analysis of the textual data.....	123
1) vocalization of strong <i>ъ</i> and <i>ь</i> .....	123
2) development of syllabic <i>ɾ</i> and <i>ʃ</i> (and related <i>CrъC</i> and <i>ClъC</i> ).....	123
3) fronting and raising of long and short <i>á, a / C'__C', C'__#</i> .....	125
4) fronting of long and short <i>ú, u / C'</i> .....	128
5) diphthongization of long <i>ó</i> and <i>'é</i> .....	129
6) diphthongization of long <i>ú / C°</i> .....	132
7) assibilation of <i>d / __j</i> .....	133
8) assibilation of <i>d, t / __ě, i, e, Ъ, е</i> (i.e., all front vowels).....	133
9) palatalization of <i>r / __ě, i, e, Ъ, е, j</i> (i.e., all front vowels and <i>j</i> ).....	134
Summary analysis of the attested CSIk reflex patterns.....	135
Chapter VII: Investigation of the East Slovak corpus.....	141
Analysis of the textual data.....	141
1) vocalization of strong <i>ъ</i> and <i>ь</i> .....	141
2) development of syllabic <i>ɾ</i> and <i>ʃ</i> (and related <i>CrъC</i> and <i>ClъC</i> ).....	141
3) fronting and raising of long and short <i>á, a / C'__C', C'__#</i> .....	142
4) fronting of long and short <i>ú, u / C'</i> .....	146
5) diphthongization of long <i>ó</i> and <i>'é</i> .....	146
6) diphthongization of long <i>ú / C°</i> .....	150
7) assibilation of <i>d / __j</i> .....	151
8) assibilation of <i>d, t / __ě, i, e, Ъ, е</i> (i.e., all front vowels).....	151
9) palatalization of <i>r / __ě, i, e, Ъ, е, j</i> (i.e., all front vowels and <i>j</i> ).....	152
Summary analysis of the attested ESIk reflex patterns.....	153
Chapter VIII: Summary and conclusion.....	159
Review of the individual regional analyses.....	159
Comparison of the individual regional analyses.....	160
Regional cultural language formation.....	164
Interregional cultural language formation.....	167
Interaction of the literary Cz norm and the Slk dialects in the formation of Cultural Slovak.....	170
Conclusions of this study and recommendations for further research.....	176
Appendix A: Table of orthographic equivalences.....	179
Appendix B: Technical description of the corpus.....	181
Moravian Slovak corpus.....	184
West Slovak corpus.....	187
Central Slovak corpus.....	192
East Slovak corpus.....	197
Text distribution maps.....	202
Glossary.....	211
Index of cited forms.....	225
Bibliography.....	255
