

## CONTENTS

---

Summary .....	2
Souhrn .....	3
Keywords .....	4
Contents.....	5
1 Introduction.....	6
2 What is the nanotechnology ?.....	7
3 Some unique properties of nanostructures .....	9
4 Creation of nanoparticles.....	10
5 Size quantization effect .....	12
6 Practical applications .....	15
7 Light emitting silicon nanoparticles.....	18
8 Charge separation.....	20
9 Literature.....	24
10 Cirucculum vitae .....	26
11 Notice.....	29
