

CONTENTS

CONTENTS.....	9
THEME 6: STRUCTURE AND MATERIAL SCIENCE	
Experimental Determination of Bond Stress of GFRP Bars and Concrete	15
<i>J. Fornůšek, R. Sovják, P. Konvalinka, J. L. Vitek</i>	
Impact of Water Content to Static Stiffness of Antivibration Mats	27
<i>D. Tvrdková</i>	
Investigating the Optimum Design of Steel Portal Frame Using Genetic Algorithms	35
<i>Honar Kh. Issa, A. M. Fouad</i>	
Multi-objective optimization of nanoindentation model parameters	49
<i>Z. Vitingerová, M. Lepš</i>	
Utilization of the research results of alkaline-activated materials in construction use	57
<i>T. Strnad, P. Svoboda, D. Eaton</i>	
THEME 7: ICT AND TECHNOLOGY	
A State-of-the-Art Review of the Application of GPS Technology in Surveying	67
<i>T. K. Belhassan, G. Aouad</i>	
Deriving and enhancing knowledge assets through the application of ‘soft’ systems thinking methodologies	78
<i>S. Mihindu, Ch. Egbu</i>	
An Investigation and Identification on Functions and Features of Project Extranet in Construction	89
<i>N. Liu, M. Kagioglou</i>	
Delivering Safety Training Using Virtual Classes	105
<i>M. Carney, J. Wall, E. Acar, E. Öney-Yazıcı, F. McNamee, P. McNamee, C. Vrasidas, M. Koushiappi, D. Madden, A. Hurst, T. Baccino</i>	
Enabling Technologies for Sharing Learning Objects in Mobile Learning Environments..	117
<i>R. Pathmeswaran, V. Ahmed</i>	
Factors Influencing Adoption and Diffusion of E-Banking Technology in Arabic Countries.....	125
<i>M. Abukhzam, A. Lee</i>	
Global eReadiness – The alignment of National Policies to Organisational Strategies.....	135
<i>E. L. Ch. Weng, J. Goulding, M. Alshawi</i>	
ICT Systems and Construction SMEs – a case study of adoption and implementation.....	146
<i>AS Douglas, DJ Greenwood, DW Wainwright</i>	

Influence of input parameters in different prediction methods for railway traffic noise.....	155
<i>L. Štulíková</i>	
Patterns of Innovation and Transfer of Technologies in the Tall Building Industry	163
<i>M. A. Barucco, D. Trabucco</i>	
Taking nD modelling to the next level: Methodological issues associated with the development of a Regeneration Simulator Workbench	173
<i>A. Marshall-Ponting</i>	
Technology Transfer and Development in Nigeria: The Role of Non Governmental Organizations (NGOs)	182
<i>L. N. Madubuko, B. Ingirige</i>	
The Role of the Usage of Information Technology in Turkish Contractor Firms.....	191
<i>P. Irlayici, E. Tas</i>	
THEME 8: REAL ESTATE AND FACILITES MANAGEMENT	
A Fuzzy Logic Approach to Property Searching in a Property Database205
<i>J. Slaby, D. Eaton</i>	
Affordable Housing Provision in Nigeria from a Policy Perspective: Literature review and synthesis.....	213
<i>O. Ojerinola, M. Ormerod, M. Shepherd</i>	
Affordable Housing: A Strategic Analysis	222
<i>I. Dawood, M. Alshawi</i>	
Decalogue to Solve the Housing Problem in Libya.....	240
<i>G. N. Sheibani, D. Eaton</i>	
Defining a Facilities Management Research Agenda in a Developing Country Context at an Urban Scale.....	249
<i>K. Michell, K. Cattell, K. Alexander</i>	
Evaluating Real Properties by Historical Prices256
<i>E. Hromada, R. Vašíčková</i>	
Factors that Affecting the Establishment of Accreditation to Industrial Laboratories in Libya.....	262
<i>T. Shihub, M. Kagioglou, Z. Hatush</i>	
Forgotten Dimensions of Low Cost Housing Crisis in Zimbabwe	274
<i>M. S. Zami, A. Lee</i>	
Grounded Theory for Beginners and its Potential use in Healthcare Infrastructures	289
<i>K. Harris, M. Kagioglou</i>	
Infrastructure Asset Management: The Valuation of Complex Objects.....	299
<i>J. G. Verlaan, H. A. J. Ridder</i>	

The Buildings Appraisal with Respect to the External Benefits – the Way to the Sustainability Development.	308
<i>R. Schneiderová Heralová</i>	
The Development of Facilities Management Education in Malaysia: Universiti Tun Hussein Onn Malaysia (UTHM)	315
<i>N. Sulaiman, D. Baldry, L. Ruddock</i>	
The JOSEF Underground Educational Facility	329
<i>P. Bauerová, J. Jann, P. Salák</i>	
The methodological development of a Benefits Realisation Management Process (BRMP) in the case of Manchester, Salford and Trafford (MaST) Local Improvement Finance Trust (LIFT).....	337
<i>K. Harris, S. Sapountzis, M. Kagioglou</i>	
Towards a Risk Management Framework for Libyan House-Building Projects	346
<i>M. Abujnah, D. Eaton</i>	
Understanding FM Processes Using Hierarchical Process Map in Estate Division of Higher Education Institution.....	354
<i>M. Y. Hamid, D. Baldry, K. Alexander</i>	
THEME 9: SUSTAINABILITY	
Building Sustainability Rating Index	369
<i>R. Jawali</i>	
Constraints of Implementation of Stabilised Earth Construction in Zimbabwe – Some Sustainable Solutions	377
<i>M. S. Zami, A. Lee</i>	
Corporate Social Responsibility in the Construction Industry	389
<i>W. K. Lau, C. H. Douglas</i>	
Current Situation in Export and Import of Construction Works in the Czech Republic and the Factors Preventing a Quicker Increase of Export	398
<i>A. Tomek</i>	
Eco-efficiency Modelling of Buildings	405
<i>J. Karásek</i>	
Green Healthcare Facilities: Improving the Building Delivery Process of Children’s Hospitals.....	414
<i>E. Enache-Pommer, M. Horman</i>	
Informational Policy Instruments for Environmentally Sustainable Buildings: A comparative study on HK-BEAM and LEED.....	423
<i>Q. K. Qian, E. H. W. Chan</i>	

Roof Top Rainwater Harvesting for Ground Water Recharge – A Case Study..... 433
S. Ramesh

Simulation and Analysis of Future Low-energy Materials Utilization..... 444
N. Anisimova

Sustainable Construction in Costa Rica Towards a strategic approach to construction material management for waste reduction..... 452
L. Abarca, I. F. M. Scheublin, E. Egmond

The Effects of Passive Design and Renewable Energy in Producing Low Energy Efficiency Architecture and Special Identity – (Case Study Libyan Desert Zone – Ghadames)..... 463
A. A. Almansuri, D. Dowdle, S. Curwell
